**CITY OF GAUTIER
MEMORANDUM**

To: Paula Yancey, City Manager
From: Teresa L Montgomery, Comptroller
Date: December 5, 2018
Subject: Creation of Additional Court Position

REQUEST:

Create Deputy Court Clerk position in Court Division and approve revised Schedule of Authorized Positions.

BACKGROUND:

Address audit issues within the Court Division.

DISCUSSION:

The FY 2017 audit cited a significant deficiency due to an inadequate segregation of duties in the Court Division. While several steps have been taken to improve internal controls within the division, we are unable to effectively address the segregation of duties issue without additional personnel. This position will require additional funding to be allocated to the division.

RECOMMENDATION:

The City Manager recommends the City Council approve the attached Schedule of Authorized Positions as presented.

The City Council may:

- 1) Approve the Schedule of Authorized Positions
- 2) Reject the Schedule of Authorized Positions

ORDER NUMBER 000-2018

WHEREAS, the homeowner of 2100 Soundview Drive (PID# 87100016.000) has requested a variance to allow the decrease in front property set back requirements from the minimum front setback requirement of twenty-five (25) feet to twelve (12) feet in an R-1 Low Density Single Family Residential Zoning District; and

WHEREAS, the request property is zoned R-1 Low Density Single Family Residential District. The property had previously had a home located on it before Katrina. That house was destroyed by the storm and the house and slab have been cleared away for the purpose of the proposed new house on the property. The property is peculiar in that the property elevation drops drastically toward the south. The proposed decrease in minimum property setbacks from twenty-five (25) feet to twelve (12) feet would allow the house to be more protected from flood waters, high tides, and wind driven waters; and

WHEREAS, the property owner would like to be granted a variance for a decrease of minimum property setbacks of twenty-five (25) feet to twelve (12) feet for a principle structure in an R-1 Low Density Single Family Residential District. The proposed new structure is located in AE and VE Flood Zones. The property is also peculiar in that the elevation drops drastically toward the south. By granting the property owner this variance the structure will be more protected from flood waters, high tides, and wind driven waters; and

WHEREAS, after duly noticed public hearing, the Gautier Planning Commission has recommended approval of the requested variance; and

WHEREAS, the Mayor and Councilmembers hereby find that all criteria under Section 4.18.4 of the Unified Development Ordinance have been met in this case;

IT IS HEREBY ORDERED by the Mayor and Members of the Council of the City of Gautier, Mississippi, that the City Council hereby (adopts or denies) the Gautier Planning Commission's recommendation to grant a variance to allow a decrease in front property set back requirements from the minimum front setback requirement of twenty-five (25) feet to twelve (12) feet at PID# 87100016.000;

IT IS FURTHER ORDERED that said Variance is hereby (approved or denied);

IT IS FURTHER ORDERED that the City Manager or City Clerk is authorized to execute any and all documents necessary for this purpose.

**CITY OF GAUTIER
MEMORANDUM**

To: Paula Yancey, City Manager
From: Ramona Morgan, Planning Technician
Date: 12/10/2018
Subject: Consideration for a variance allowing a decrease in front property set back requirements from the minimum requirement of twenty-five (25) feet to twelve (12) feet in an R-1 zoning district. (GPC Case No. 18-22-VAR)

REQUEST:

The Planning Department has received a request from Don Gautier for a Variance allowing the decrease in front property set back requirements from the minimum front setback requirement of twenty-five (25) feet to twelve (12) feet in an R-1 Low Density Single Family Residential Zoning District at 2100 Soundview Drive, PID #87100016.000. The application fee of \$175 was paid on October 16, 2018. All public notice requirements have been met.

BACKGROUND:

The request property is zoned R-1 Low Density Single Family Residential District. The property had previously had a home located on it before Katrina. That house was destroyed by the storm and the house and slab have been cleared away for the purpose of the proposed new house on the property. The property is peculiar in that the property elevation drops drastically toward the south. The proposed decrease in minimum property setbacks from twenty-five (25) feet to twelve (12) feet would allow the house to be more protected from flood waters, high tides, and wind driven waters.

DISCUSSION:

The property owner would like to be granted a variance for a decrease of minimum property setbacks of twenty-five (25) feet to twelve (12) feet for a principle structure in an R-1 Low Density Single Family Residential District. The proposed new structure is located in AE and VE Flood Zones. The property is also peculiar in that the elevation drops drastically toward the south. By granting the property owner this variance the structure will be more protected from flood waters, high tides, and wind driven waters. DETERMINATION OF APPLICABLE LAW:

The Unified Development Ordinance (UDO) defines Variances as:

A Variance is a relaxation of the terms of the Unified Development Ordinance where such Variance will not be contrary to the public interest and where, owing to conditions peculiar to the property, a literal enforcement of the Ordinance would result in an unnecessary or undue hardship. As used in this Ordinance, a Variance is authorized only for height, area and size of structure, or size of yards, separation of uses, open spaces, off-street parking spaces and some subdivision of property. The establishment or expansion of a use not permitted shall not be allowed by Variance.

The UDO defines Hardship as:

Hardship means the exceptional hardship that would result from a failure to grant the requested variance. The City requires that the variance is exceptional, unusual, and peculiar to the property involved. Mere economic or financial hardship alone is not exceptional. Inconvenience, aesthetic considerations, physical handicaps, personal preferences, or the disapproval of one's neighbors likewise cannot, as a rule, qualify as an exceptional hardship. All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

The UDO defines Setback as:

SETBACK: (SEE YARD) The minimum horizontal distance between the lot or property line and the nearest front, side or rear line of the building as measured to the outside face at the enclosing wall or in structures lacking walls (as in the case of a carport) to the face of the supporting columns and beams. Setback does not include roof overhangs, except that they shall not encroach on more than fifty (50) percent of the required setback.

A.SETBACK, FRONT: The yard area extending along the full width of a front lot line between side lot lines and from the front lot line to the front building line in depth.

B.SETBACK, REAR: The yard area extending across the full width of the lot and lying between the rear lot line and the nearest line of the building. Rear-yard depth shall be measured at right angles to the rear line of the lot.

C.SETBACK, SIDE: The yard area lying between the side line of the lot and the nearest line of the building and extending from the front yard to the rear yard, or in the absence of a front yard or a rear yard, to the front or rear lot lines. Side-yard width shall be measured at right angles to side lines of the lot.

UDO SECTION 4.18: Variance

In certain circumstances, a Variance from the dimensional requirements (i.e. height, setbacks, square footage) of this ordinance may be granted if the applicant can prove that because of physical constraints of the property involved, he is not able to build the same type of structure that other persons with the same zoning classification can build. Variances for uses permitted will not be considered in as much as "use Variances" are not legal in the State of Mississippi.

Most Variances must be granted by the City Council; however, certain minor Variances may be granted by the Economic Development Director in accordance with Section 4.18.3 below.

4.18.1Who May Initiate

A request for a Variance may be initiated by the property owner or agent of the owner provided that said property has not been denied a previous request for a Variance for the same property or portion of property within the past twelve (12) months.

4.18.2Application for Variance

Applications for a Variance (from dimensional requirements) may be filed on the appropriate application available from the Economic Development/Planning Department and shall include all requested information, attachments and submittals:

4.18.3Administrative Variances

The following dimensional variances may be granted by the Economic Development Director at his/her discretion (Note: Within the COR, Corridor Overlay District, applicants shall be required to mitigate a requested dimensional variance in accordance with the Tier Land Use Provisions in Section 5.11):

A.30% of required off-street parking spaces and/or

B.30% of required setbacks from property lines

4.18.4Criteria for Approval

The Variance application shall demonstrate the following:

A.That special conditions and circumstances exist which are peculiar to this particular site (lot or parcel), structure or building involved and which are not applicable to other sites (lots or parcels) or structures or buildings in the same district;

B.That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of this Ordinance;

C.That the special conditions and circumstances do not result from actions of the applicant; and

D.That granting the Variance requested will not confer upon the applicant any special privilege that is denied by this Ordinance to other similar sites (lots or parcels) structures or buildings in the same district.

RECOMMENDATION:

Planning Commission recommends that Council approve the Variance Request.

The City Council may:

1. Approve the Variance request as presented;
2. Approve the Variance request with changes; or
3. Deny the Variance Request.

The proposed decrease in minimum property setbacks from twenty-five (25) feet to twelve (12) feet would allow the house to be more protected from flood waters, high tides, and wind driven waters.

DISCUSSION:

The property owner would like to be granted a variance for a decrease of minimum property setbacks of twenty-five (25) feet to twelve (12) feet for a principle structure in an R-1 Low Density Single Family Residential District. The proposed new structure is located in AE and VE Flood Zones. The property is also peculiar in that the elevation drops drastically toward the south. By granting the property owner this variance the structure will be more protected from flood waters, high tides, and wind driven waters.

DETERMINATION OF APPLICABLE LAW:

The Unified Development Ordinance (UDO) defines **Variances** as:

A Variance is a relaxation of the terms of the Unified Development Ordinance where

such Variance will not be contrary to the public interest and where, owing to conditions peculiar to the property, a literal enforcement of the Ordinance would result in an unnecessary or undue hardship. As used in this Ordinance, a Variance is authorized only for height, area and size of structure, or size of yards, separation of uses, open spaces, off-street parking spaces and some subdivision of property. The establishment or expansion of a use not permitted shall not be allowed by Variance.

The UDO defines **Hardship** as:

Hardship means the exceptional hardship that would result from a failure to grant the requested variance. The City requires that the variance is exceptional, unusual, and peculiar to the property involved. Mere economic or financial hardship alone is not exceptional. Inconvenience, aesthetic considerations, physical handicaps, personal preferences, or the disapproval of one's neighbors likewise cannot, as a rule, qualify as an exceptional hardship. All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

The UDO defines **Setback** as:

SETBACK: (SEE YARD) The minimum horizontal distance between the lot or property line and the nearest front, side or rear line of the building as measured to the outside face at the enclosing wall or in structures lacking walls (as in the case of a carport) to the face of the supporting columns and beams. Setback does not include roof overhangs, except that they shall not encroach on more than fifty (50) percent of the required setback.

- A. **SETBACK, FRONT:** The yard area extending along the full width of a front lot line between side lot lines and from the front lot line to the front building line in depth.
- B. **SETBACK, REAR:** The yard area extending across the full width of the lot and lying between the rear lot line and the nearest line of the building. Rear-yard depth shall be measured at right angles to the rear line of the lot.
- C. **SETBACK, SIDE:** The yard area lying between the side line of the lot and the nearest line of the building and extending from the front yard to the rear yard, or in the absence of a front yard or a rear yard, to the front or rear lot lines. Side-yard width shall be measured at right angles to side lines of the lot.

UDO SECTION 4.18: Variance

In certain circumstances, a Variance from the dimensional requirements (i.e. height, setbacks, square footage) of this ordinance may be granted if the applicant can prove that because of physical constraints of the property involved, he is not able to build the same type of structure that other persons with the same zoning classification can build. Variances for uses permitted will not be considered in as much as “use Variances” are not legal in the State of Mississippi.

Most Variances must be granted by the City Council; however, certain minor Variances may be granted by the Economic Development Director in accordance with *Section 4.18.3* below.

4.18.1 Who May Initiate

A request for a Variance may be initiated by the property owner or agent of the owner provided that said property has not been denied a previous request for a Variance for the same property or portion of property within the past twelve (12) months.

4.18.2 Application for Variance

Applications for a Variance (from dimensional requirements) may be filed on the appropriate application available from the Economic Development/Planning Department and shall include all requested information, attachments and submittals:

4.18.3 Administrative Variances

The following dimensional variances may be granted by the Economic Development Director at his/her discretion (Note: Within the COR, Corridor Overlay District, applicants shall be required to mitigate a requested dimensional variance in accordance with the Tier Land Use Provisions in Section 5.11):

- A. 30% of required off-street parking spaces and/or
- B. 30% of required setbacks from property lines

4.18.4 Criteria for Approval

The Variance application shall demonstrate the following:

- A. That special conditions and circumstances exist which are peculiar to this particular site (lot or parcel), structure or building involved and which are not applicable to other sites (lots or parcels) or structures or buildings in the same district;
- B. That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of this Ordinance;
- C. That the special conditions and circumstances do not result from actions of the applicant; and
- D. That granting the Variance requested will not confer upon the applicant any special privilege that is denied by this Ordinance to other similar sites (lots or parcels) structures or buildings in the same district.

RECOMMENDATION & CONCLUSION:

The Staff has no objection to the Variance requested, but the Planning Commission must record a Finding of Fact regarding the “Criteria for Approval” from the UDO as listed above.

The Planning Commission may:

1. Recommend that City Council approve variance request as presented;

2. Recommend that City Council approve the variance requests with changes; or
3. Recommend that City Council variance request.

I am requesting a Variance to move my proposed house toward the front property line an additional thirteen (13) feet further than the twenty-five (25) foot front property setback requirement. This would place my proposed house twelve (12) feet from my front property line.

My property contains both AE and VE Flood Zones. By allowing me this Variance I would be able to place my house at a much higher elevation on my property. My property is peculiar in that the elevation drops drastically toward the south.

Allowing me this Variance would keep my house more protected from flood waters, high tides, and wind driven waters.

Excerpt from December 6, 2018 Gautier Planning Commission Meeting:

3218 Stonegate – Request for a variance allowing an increase of maximum lot coverage for a principal structure, and a variance allowing a decrease of minimum rear yard setback in an R-1 zoning district. (GPC Case No. 18-18-VAR)

Ramona Morgan, Planning Technician, gave a brief overview of the case.

REQUEST:

The Planning Department has received a request from Don Gautier for a Variance allowing the decrease in front property set back requirements from the minimum front setback requirement of twenty-five (25) feet to twelve (12) feet in an R-1 Low Density Single Family Residential Zoning District at 2100 Soundview Drive, PID #87100016.000. The application fee of \$175 was paid on October 16, 2018. All public notice requirements have been met.

BACKGROUND:

The request property is zoned R-1 Low Density Single Family Residential District. The property had previously had a home located on it before Katrina. That house was destroyed by the storm and the house and slab have been cleared away for the purpose of the proposed new house on the property. The property is peculiar in that the property elevation drops drastically toward the south. The proposed decrease in minimum property setbacks from twenty-five (25) feet to twelve (12) feet would allow the house to be more protected from flood waters, high tides, and wind driven waters.

DISCUSSION:

The property owner would like to be granted a variance for a decrease of minimum property setbacks of twenty-five (25) feet to twelve (12) feet for a principle structure in an R-1 Low Density Single Family Residential District. The proposed new structure is located in AE and VE Flood Zones. The property is also peculiar in that the elevation drops drastically toward the south. By granting the property owner this variance the structure will be more protected from flood waters, high tides, and wind driven waters.

DETERMINATION OF APPLICABLE LAW:

All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

The UDO defines **Setback** as:

Setback: (See Yard) The minimum horizontal distance between the lot or property line and the nearest front, side or rear line of the building as measured to the outside face at the enclosing wall or in structures lacking walls (as in the case of a carport) to the face of the supporting columns and beams. Setback does not include roof overhangs, except that they shall not encroach on more than fifty (50) percent of the required setback.

- A. **SETBACK, FRONT:** The yard area extending along the full width of a front lot line between side lot lines and from the front lot line to the front building line in depth.
- B. **SETBACK, REAR:** The yard area extending across the full width of the lot and lying between the rear lot line and the nearest line of the building. Rear-yard depth shall be measured at right angles to the rear line of the lot.
- C. **SETBACK, SIDE:** The yard area lying between the side line of the lot and the nearest line of the building and extending from the front yard to the rear yard, or in the absence of a front yard or a rear yard, to the front or rear lot lines. Side-yard width shall be measured at right angles to side lines of the lot.

This contract is subject to all applicable rules, regulations, conditions, and assurances as prescribed by the Mississippi Development Authority's (MDA) Community Development's Block Grant Program Final Statement, as well as the U.S. Department of Housing and Urban Development's Community Development Block Grants: State's Program Final Rule (24CFR Part 570), and to each and every Federal and State Statute and guideline affecting the application for, receipt of, and expenditure of Community Development Block Grant funds. It is also subject to such further rules, regulations, and policies as may be reasonably prescribed by the State or Federal Government consistent with the purposes and authorization of P.L. 97-35 and P.L. 98-8.

All grantees, recipients, contractors and companies known here after as "Contractor (Company)" entering into contracts with the Mississippi Development Authority represents and warrants that it will ensure compliance with the Mississippi Employment Protection Act (Senate Bill 2988 of the 2008 Regular Session of the Mississippi Legislature) and will register and participate in the status verification system of all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify program, or any other successor electronic verification system replacing the E-Verify Program.

Contractor (Company) agrees to maintain such compliance and, upon request of the State, to provide copy of each such verification to the State. The application submitted for these funds is incorporated by reference herein and made a part hereof, including any changes, modifications, deletions, or amendments contained therein. Federal Labor Standards Provisions

U.S. Department of Housing and Urban Development Office of Labor Relations

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of

Management and Budget under OMB control number 12150140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the DavisBacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section I(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section I(b)(2)(B) of the DavisBacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to, and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. **Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

6. **Subcontracts.** The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. **Contract termination; debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. **Compliance with Davis-Bacon and Related Act Requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

9. **Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be

resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted

to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

Subject: Shepard State Park Boardwalk – Professional Services Agreement with Heflin Engineering

REQUEST:

The Grants and Projects Department requests City Council authorization to enter into a professional services agreement with Heflin Engineering for work associated with the Shepard State Park Boardwalk project in an amount not to exceed \$31,500.

BACKGROUND:

The purpose of the Tidelands fund is to ensure that monies derived from the public trust tidelands assessments shall be used for the benefit of preserving and protecting the tidelands and submerged lands found within the three most southern counties of the state. Funds are disbursed by the commission for new and extra programs of tidelands management, such as conservation, reclamation, preservation, acquisition, education or the enhancement of public access to the public trust tidelands or public improvement projects as they relate to those lands.

DISCUSSION:

This project includes approximately 400 feet of pedestrian boardwalk at Shepard State Park, along the marsh on the northwest side of the park. The boardwalk will include educational panels and birdwatching opportunities. Engineering services will be funded through Tidelands.

Heflin will provide conceptual layout, topographic survey, test pile data, preliminary layout, opinion of probable cost, detailed design, final construction drawings and specifications, etc. related to this project. This professional services agreement does not include costs for the bidding, contracting and construction phase, as completion of the project is dependent upon future Tidelands funding.

RECOMMENDATION:

The Grants and Projects Department recommends that City Council authorize entering into a professional services agreement with Heflin Engineering for work associated with the Shepard State Park Boardwalk project in an amount not to exceed \$31,500.

The City Council may:

- 1) Approve entering into a professional services agreement with Heflin Engineering for the Shepard State Park Boardwalk project as presented; or
- 2) Not approve entering into a professional services agreement with Heflin Engineering for the Shepard State Park Boardwalk project as presented.

The existing sewer main will be upgraded to provide enhanced flow in Gautier, Mississippi (CDBG Grant #1134-18-192-PF-01), hereinafter called the Project.

OWNER and ENGINEER in consideration of their mutual covenants herein agree in respect of the performance of professional engineering services by ENGINEER and the payment for those services by OWNER as set forth below.

SECTION 1-BASIC SERVICES OF ENGINEER

1.1 General.

1.1.1. ENGINEER shall provide for OWNER professional engineering services in all phases of the Project to which this Agreement applies as hereinafter provided. These services will include serving as OWNER's professional engineering representative for the Project, providing professional engineering consultation and advice and furnishing customary civil engineering services, including but not limited to, all services required or requested by OWNER in connection with obtaining any permits required by an governmental agency or authority in connection with the project.

1.2 Preliminary Design.

1.2.1 ENGINEER shall provide preliminary design for the project. Upon completion of preliminary design, ENGINEER shall meet with OWNER to review documents. Upon acceptance by OWNER, ENGINEER shall commence with Final Design Documents.

1.3. Final Design Phase.

After written authorization to proceed with the Final Design Phase, ENGINEER shall:

1.3.1 On the basis of the accepted Preliminary Design documents and the revised opinion of probable Total Project Costs prepare for incorporation in the Project Documents final drawings to show the general scope, extent and character of the work to be furnished and performed by Contractor(s) (hereinafter called "Drawings") and Specifications (which will be prepared in conformance with the sixteen division format of the construction specifications Institute).

1.3.2 Provide technical criteria, written descriptions and design data for OWNER's use in filing applications for permits with or obtaining approvals of such governmental authorities as have jurisdiction to approve the design of the Project, and assist OWNER in consultations with appropriate authorities.

1.3.3 Advise OWNER of any adjustments to the latest opinion of probable Total Project Costs caused by changes in general scope, extent or character or design requirements of the Project or Construction Costs. Furnish to OWNER a revised opinion of probable Total Project Costs based on the Drawings and Specifications. Total project

cost for purposes of determining engineering fees excludes mitigation, relocation or any other costs not directly involving the actual construction or building of the project.

1.3.4 Prepare for review and approval by OWNER, its legal counsel and other advisors contract agreement forms, general conditions and supplementary conditions, and (where appropriate) bid forms, invitations to bid and instructions to bidders (all of which shall be consistent with the forms and pertinent guide sheets prepared by the Engineers Joint Contract Documents Committee), and assist in the preparation of other related documents.

1.3.5 Furnish copies of the above documents and of the Drawings and Specifications and present and review them in person with OWNER.

1.4 Bidding or Negotiating Phase.

After written authorization to proceed with the Bidding or Negotiating Phase, ENGINEER shall:

1.4.1 Assist OWNER in advertising for and obtaining bids or negotiating proposals for each separate prime contract for construction, materials, equipment and services; and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-bid conferences and receive and process deposits for Bidding Documents.

1.4.2 Issue addenda as appropriate to interpret, clarify or expand the Bidding Documents.

1.4.3 Advise OWNER as to the acceptability of subcontractors, suppliers and other persons and organizations proposed by the prime contractor(s) (herein called "Contractor(s)") for those portions of the work as to which such acceptability is required by the Bidding Documents.

1.4.4 Advise OWNER concerning and determine the acceptability of substitute materials and equipment proposed by Contractor(s) when substitution prior to the award of contracts is allowed by the Bidding Documents.

1.4.5 Attend the bid opening, prepare bid tabulation sheets and assist OWNER in evaluating bids or proposals and in assembling and awarding contracts for construction, materials, equipment and services.

1.5. Construction Phase.

During the Construction Phase:

1.5.1 General Administration of Construction Contract. ENGINEER shall consult with and advise OWNER and act as OWNER's representative. All of OWNER's instructions to Contractor(s) will be issued through ENGINEER as instructed by Owner.

1.5.2 *Visits to Site and Observation of Construction.* In connection with observations of the work of Contractor(s) while it is in progress:

1.5.2.1. ENGINEER shall make visits to the site at intervals appropriate to the various stages of construction as necessary in order to observe as an experienced and qualified design professional the progress and quality of the various aspects of Contractor(s)' work. In addition, ENGINEER shall provide the services of a Resident Project Representative (and assistants) at the site to assist ENGINEER and to provide more continuous observation of such work. Based on information obtained during such visits and on such observations, ENGINEER shall endeavor to determine in general if such work is proceeding in accordance with the Project Documents and ENGINEER shall keep OWNER informed of the progress of the work.

1.5.2.2. The Resident Project Representative (and any assistants) will be ENGINEER's agent or employee and under ENGINEER's supervision. The duties and responsibilities of the Resident Project Representative

(and assistants) are set forth in Exhibit A "Duties, Responsibilities and Limitation of Authority of Resident Project Representative".

1.5.2.3. The purpose of Engineer's visits to and representation by the Resident Project Representative (and assistants, if any) at the site will be to enable ENGINEER to better carry out the duties and responsibilities assigned to and undertaken by ENGINEER during the Construction Phase, and, in addition, by exercise of ENGINEER's efforts as an experienced and qualified design professional, to provide for OWNER a greater degree of confidence that the completed work of Contractor(s) will conform generally to the Project Documents and that the integrity of the design concept as reflected in the Project Documents has been implemented and preserved by Contractor(s). On the other hand, ENGINEER shall not, during such visits or as a result of such observations of Contractor(s)' work in progress, supervise, direct or have control over Contractor(s)' work nor shall ENGINEER have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by Contractor(s), for safety precautions and programs incident to the work of Contractor(s) or for any failure of Contractor(s) to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor(s) furnishing and performing their work. Accordingly, ENGINEER can neither guarantee the performance of the construction contracts by Contractor(s) nor assume responsibility for Contractor(s)' failure to furnish and perform their work in accordance with the Project Documents.

1.5.3 Defective Work. During such visits and on the basis of such observations, ENGINEER may disapprove of or reject Contractor(s)' work while it is in progress if ENGINEER believes that such work will not produce a completed Project that conforms generally to the Project Documents or that it will prejudice the integrity of the design concept of the Project as reflected in the Project Documents.

1.5.4 Interpretations and Clarifications. ENGINEER shall issue necessary interpretations and clarifications of the Project Documents and in connection therewith and prepare work directive changes and change orders as required.

1.5.5 Shop Drawings. ENGINEER shall review and approve (or take other appropriate action in respect of) Shop Drawings, samples and other data which Contractor(s) are required to submit, but only for conformance with the design concept of the Project and compliance with the information given in the Project Documents. Such reviews and approvals or other action shall not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto.

1.5.6 Substitutes. ENGINEER shall evaluate and determine the acceptability of substitute materials and equipment proposed by Contractor(s).

1.5.7 Inspections and Tests. ENGINEER shall have authority, as OWNER's representative, to require special inspection or testing of the work, and shall receive and review all certificates of inspections, testings and approvals required by laws, rules, regulations, ordinances, codes, orders or the Project Documents (but only to determine generally that their content complies with the requirements of, and the results certified indicate compliance with, the Project Documents).

1.5.8 Disputes between OWNER and Contractor. Engineer shall act as initial interpreter of the requirements of the Project Documents and judge of the acceptability of the work thereunder and make recommendations on all claims of OWNER and Contractor(s) relating to the acceptability of the work or the interpretation of the requirements of the Project Documents pertaining to the execution and progress of the work. To the extent allowable under Mississippi law, ENGINEER shall not be liable for the results of any such interpretations or decisions rendered in good faith.

1.5.9 Applications for Payment. Based on on-site observations as an experienced and qualified design professional, on information provided by the Resident Project Representative and on review of applications for payment and the accompanying data and schedules:

1.5.9.1. ENGINEER shall determine the amounts owing to Contractor(s) and recommend in writing payment to Contractor(s) in such amounts. Such recommendations of payment will constitute a representation to OWNER, based on such observations and review, that the work has progressed to the point indicated, and that, to the best of ENGINEER's knowledge, information and belief, the quality of such work is generally in accordance with the Project Documents (subject to an evaluation of such work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Project Documents and to any other qualifications stated in the recommendation). In the case of unit price work, ENGINEER's recommendations of payment will include final determinations of quantities and classifications of such work (subject to any subsequent adjustments allowed by the Project Documents).

1.5.9.2. By recommending any payment ENGINEER will not thereby be deemed to have represented that exhaustive, continuous or detailed reviews or examinations have been made by ENGINEER to check the quality or quantity of Contractor(s)' work as it is furnished and performed beyond the responsibilities specifically assigned to ENGINEER in this Agreement and the Project Documents. ENGINEER's review of Contractor(s)' work for the purposes of recommending payments will not impose on ENGINEER responsibility to supervise, direct or control such work or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto or Contractor(s) compliance with laws, rules, regulations, ordinances, codes or orders applicable to their furnishing and performing the work. It will also not impose responsibility on ENGINEER to make any examination to ascertain how or for what purposes any Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any of the work, materials or equipment has passed to OWNER free and clear of any lien, claims, security interests or encumbrances, or that there may not be other matters at issue between OWNER and CONTRACTOR that might affect the amount that should be paid.

1.5.10 Contractor(s)' Completion Documents. ENGINEER shall receive and review maintenance and operating instructions, schedules, guarantees, bonds and certificates of inspection, tests and approvals which are to be assembled by Contractor(s) in accordance with the Project Documents (but such review will only be to determine that their content complies with the requirements of, and in the case of certificates of inspection, tests and approvals the results certified indicate compliance with, the Project Documents); and shall transmit them to OWNER with written comments.

1.5.11 Inspections. ENGINEER shall conduct an inspection to determine if the work is substantially complete and a final inspection to determine if the completed work is acceptable so that ENGINEER may recommend, in writing, final payment to Contractor(s) and may give written notice to OWNER and the Contractor(s) that the work is acceptable (subject to any conditions therein expressed), but any such recommendation and notice will be subject to the limitations expressed in paragraph 1.4.9.2.

1.5.12 Limitation of Responsibilities. ENGINEER shall not be responsible for the acts or omissions of any Contractor, or of any subcontractor or supplier, or any of the Contractor(s)' or subcontractor's or supplier's agents or employees or any other persons (except ENGINEER's own employees and agents) at the site or otherwise furnishing or performing any of the Contractor(s)' work: however, nothing contained in paragraphs 1.1 thru 1.4.12 inclusive, shall be construed to release ENGINEER from liability for failure to properly perform duties and responsibilities assumed by ENGINEER in the Project Documents.

1.5.13 Indemnification. ENGINEER shall defend, indemnify and hold harmless OWNER, its agents, servants, employees, successors and assigns from actions, causes, suits, costs, claims, damages, expenses and demands whatsoever in law or in equity, including but not limited to attorneys' fees, with respect to, or on account of, any injury, including bodily injury, disability or death, or damages to property, including loss of the use thereof, in any way attributable to or in connection with performance of Engineer under this Contract.

SECTION 2 - ADDITIONAL SERVICES OF ENGINEER

2.1. Services Requiring Authorization in Advance.

If authorized in writing by OWNER, ENGINEER shall furnish or obtain from others Additional Services of the types listed in paragraphs 2.1.1 through 2.1.3, inclusive. These services are not included as part of Basic Services; these will be paid for by OWNER, as indicated in Section 3.

2.1.1. Assistance in connection with bid protests, rebidding or renegotiating Project for construction, materials, equipment or services.

2.1.2. Providing any type of property surveys or related engineering services needed for the transfer of interests in real property and field surveys for design purposes and engineering surveys and staking to enable Contractor(s) to proceed with their work; and providing other special field surveys.

2.1.3. Preparing to serve or serving as a consultant or witness for OWNER in any litigation, arbitration or other legal or administrative proceeding involving the Project.

OTHER. The Tenant will receive work assignments from the Parks and Recreation Director or authorized designee. As additional consideration for this lease, the City will provide, from time to time, as it deems necessary, the use of city-owned vehicles and equipment for the execution of the Park Rangers responsibilities under this Lease. City vehicles and equipment may be used for providing city services only and may not be used by the Park Ranger for any other purpose.

DEFAULTS. Tenant shall be in default of this Lease if Tenant fails to fulfill any lease obligation or term by which Tenant is bound. After written notice of such default is provided by Landlord to Tenant, Landlord may elect to cure such default and the cost of such action shall be added to Tenant's financial obligations under this Lease or additional work duties may be assigned. In the event of Tenant's default, Landlord may, in the alternative, elect to terminate the lease as provide herein.

TERMINATION CLAUSE. Landlord or Tenant may, upon 45 days written notice to the other party, terminate this lease. Termination will be effective as of the last day of the calendar month following the end of the 45 day notice period.

MILITARY TERMINATION CLAUSE. In the event, the Tenant is, or hereafter becomes, a member of the United States Armed Forces on extended active duty and hereafter the Tenant receives permanent change of station orders to depart from the area where the Premises are located, or is relieved from active duty, retires or separates from the military, or is ordered into military housing, then in any of these events, the Tenant may terminate this lease upon giving thirty (30) days written notice to the Landlord. The Tenant shall also provide to the Landlord a copy of the official orders or a letter signed by the tenant's commanding officer, reflecting the change, which warrants termination under this clause.

DESTRUCTION OR CONDEMNATION OF PREMISES. If the Premises are partially destroyed by fire or other casualty to an extent that prevents the conducting of Tenant's use of the Premises in a normal manner, and if the damage is reasonably repairable within sixty days after the occurrence of the destruction, Landlord shall repair the Premises and a just proportion of the work assignments shall abate during the period of the repair according to the extent to which the Premises have been rendered untenable. However, if the damage is not repairable within sixty days, or if Landlord is prevented from repairing the damage by forces beyond Landlord's control, or if the property is condemned, this Lease shall terminate upon twenty days' written notice of such event or condition by either party. Tenant shall give Landlord immediate notice of any damage to the Premises.

HABITABILITY. Tenant has inspected the Premises and fixtures (or has had the Premises inspected on behalf of Tenant), and acknowledges that the Premises are in a reasonable and acceptable condition of habitability for their intended use, and the agreed work schedule in lieu of rent payment is fair and reasonable. If the condition changes so that, in Tenant's opinion, the habitability and rental value of the Premises are adversely affected, Tenant shall promptly provide reasonable notice to Landlord.

CUMULATIVE RIGHTS. The rights of the parties under this Lease are cumulative, and shall not be construed as exclusive unless otherwise required by law.

ACCESS BY LANDLORD TO PREMISES. Subject to Tenant's consent (which shall not be unreasonably withheld), Landlord shall have the right to enter the Premises to make inspections, provide necessary services, or show the unit to prospective tenants or workers. Landlord will provide reasonable notice of its intention to enter the Premises. If Tenant has, after written notice to cease, continued to deny Landlord access to the unit, as required by State law, such failure is a substantial breach of this agreement and is a just cause for eviction. However, Landlord does not assume any liability for the care or supervision of the Premises. As provided by law, in the case of an emergency, Landlord may enter the Premises without Tenant's consent.

INDEMNITY REGARDING USE OF PREMISES. To the extent permitted by law, Tenant agrees to indemnify, hold harmless, and defend Landlord from and against any and all losses, claims, liabilities, and expenses, including reasonable attorney fees, if any, which Landlord may suffer or incur in connection with Tenant's possession, use or misuse of the Premises, except Landlord's act or negligence. Tenant hereby expressly releases Landlord and/or Agent from any and all liability for loss or damage to Tenant's property or effects whether in the Premises, storerooms or any other location in or about the Premises, arising out of any cause whatsoever, including but not limited to rain, plumbing leakage, fire or theft, except in the case that such damage has been adjudged to be the result of the gross negligence of Landlord, Landlord's employees, and/or Agents.

ACCOMMODATION. Landlord agrees to and is committed to complying with all applicable laws providing equal housing opportunities. To ensure compliance, Landlord will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or a tenant, unless

undue hardship would result. It is the applicant or Tenant's responsibility to make Landlord aware of any required accommodation. In writing, the individual with the disability should specify the nature and effect of the disability and any accommodation he or she needs. If after thoughtful consideration and evaluation, the accommodation is reasonable and will not impose an undue hardship, Landlord will make the accommodation. Landlord reserves the right to require appropriate medical verification of the disability.

DANGEROUS MATERIALS. Tenant shall not keep or have on the Premises any article or thing of a dangerous, flammable, or explosive character that might substantially increase the danger of fire on the Premises, or that might be considered hazardous by a responsible insurance company, unless the prior written consent of Landlord is obtained and proof of adequate insurance protection is provided by Tenant to Landlord.

COMPLIANCE WITH REGULATIONS. Tenant shall promptly comply with all laws, ordinances, requirements and regulations of the federal, state, county, municipal and other authorities, and the fire insurance underwriters. However, Tenant shall not by this provision be required to make alterations to the exterior of the building or alterations of a structural nature.

MECHANICS LIENS. Neither Tenant nor anyone claiming through the Tenant shall have the right to file mechanics liens or any other kind of lien on the Premises and the filing of this Lease constitutes notice that such liens are invalid. Further, Tenant agrees to (1) give actual advance notice to any contractors, subcontractors or suppliers of goods, labor, or services that such liens will not be valid, and (2) take whatever additional steps that are necessary in order to keep the premises free of all liens resulting from construction done by or for the Tenant.

ASSIGNABILITY/SUBLETTING. Tenant may not assign or sublease any interest in the Premises, nor assign, mortgage or pledge this Lease. This is a blanket prohibition, meaning no replacement tenant(s) will be permitted and no additional tenant or occupant will be allowed in the Premises even if a Tenant leaves the Premises. This prohibition applies to each and every term of this Lease in regard to space leased to Tenant. Any waiver of this prohibition must be secured from the Landlord in writing. In the event the prohibition is invalidated or lifted, Tenant, Landlord and any subtenant or assignee agrees to be bound by each and every provision contained in this Lease.

NOTICE. Notices under this Lease shall not be deemed valid unless given or served in writing and forwarded by mail, postage prepaid, addressed to the party at the appropriate address set forth below. Such addresses may be changed from time to time by either party by providing notice as set forth below. Notices mailed in accordance with these provisions shall be deemed received on the third day after posting.

GOVERNING LAW. The laws of the State of Mississippi shall govern the interpretation, validity, performance and enforcement of this lease. If any provision of this lease should be held invalid or unenforceable, the validity and enforceability of the remaining provisions of this Lease shall not be affected thereby.

ENTIRE AGREEMENT/AMENDMENT. This Lease contains the entire agreement of the parties and there are no other promises, conditions, understandings or other agreements, whether oral or written, relating to the subject matter of this Lease. This Lease may be modified or amended in writing, if the writing is signed by the party obligated under the amendment.

SEVERABILITY. If any portion of this Lease shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Lease is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

From: Paula Yancey, City Manager

Date: December 4, 2018

Subject: Approve the additional recreational funds provided by the County in order to fund the City of Gautier for the design and engineering of Bacot Park and the purchase of the indoor soccer complex.

Request:

The City Manager requests the City Council approve the additional recreational funds provided by the County in order to fund the City of Gautier for the design and engineering of Bacot Park and the purchase of the indoor soccer complex.

Background:

Because the County has the authority to participate in joint recreational projects with the City, they are willing to give us \$50,000 to begin engineering and preliminary design on Bacot Park and will also give us \$100,000 towards the \$125,000 purchase for the indoor soccer complex. The two facilities will be used by City and County residents alike.

Discussion:

The County is aware we are still exercising our option to purchase the soccer complex. However, the County has asked for the Council to pass a Resolution to request \$150,000 from the County for additional recreational funds. The County wants to give us this money with our other recreational funds they give us each year, as it is the easiest way for all of us.

Recommendation:

The City Manager recommends the City Council approve the additional recreational funds provided by the Jackson County in order to fund the City of Gautier for the design and engineering of Bacot Park and the purchase of the indoor soccer complex.

The City Council may:

1. Approve the additional recreational funds provided by the County in order to fund the City of Gautier for the design and engineering of Bacot Park and the purchase of the indoor soccer complex; or

CriticalLinc
Terms and Conditions
For Government Entities

In consideration of the parties' respective rights and obligations under this CriticalLinc Customer Agreement, including the order page or form (whether electronic or otherwise) with which you order services and/or equipment (your "Order Form"), and these Terms and Conditions (together, the "Agreement"), Southern Linc ("our", "us" or "we") and Customer ("you" or "your") (collectively, the "parties") agree as follows:

1. **State Contracts.** This Agreement is subject to the terms of a state (the "State") governing purchase authorization ("State Contract"), if such State Contract is applicable to the Services (as defined below) and/or Equipment (as defined below). The terms of the applicable State Contract, if any, are incorporated into this Agreement by reference and are controlling in the event of any conflict between this Agreement and the State Contract.

2. **Acceptance.** All sales to you of routers, modems, handsets and other data equipment or accessories ("Equipment") and wireless telecommunications services, data services, wireless content, applications and software ("Services") for voice and data communications are made under the terms and conditions herein. Your placement of an order, acceptance of or payment for Equipment or Services will constitute acceptance of these terms. Equipment also includes, without limitation, any routers, modems, handsets and other data equipment or accessories provided by you in connection with your receipt of Services (see Section 14 "Bring Your Own Equipment"). If you purchase certain Equipment, applications, features or software, you may be subject to and required to agree to additional terms available at www.southernlinc.com.

3. **Services.** Services are provided utilizing our CriticalLinc Long-Term Evolution (LTE) network ("System"). We may provide you Services to use on the Equipment for the selected plan, features and data as specified on the Order Form, as further detailed on our website at www.southernlinc.com, or as otherwise agreed by the parties in writing. COVERAGE IS ONLY AVAILABLE IN THE OPERATING RANGE OF THE SYSTEM AS DEPICTED ON OUR COVERAGE MAPS (available at www.southernlinc.com). The primary use of your Equipment must be for purposes within our System (see Section 13 "Customer Covenants"); however, your Equipment may connect to another provider's network ("Roaming"). Roaming may happen even if you are in our coverage area. You must check your Equipment to determine if you are Roaming. Use of Services when Roaming is dependent upon the Roaming provider's support of applicable network technology and functionality. Availability and quality of coverage, and access to Services while Roaming are not guaranteed. You may not abuse Roaming – we may limit or terminate your Service, in our sole discretion, if you do. We may not provide maintenance and support services for software or applications.

4. **Network Management.** To provide the best possible user experience for all of our customers, we have established certain network management practices to assure that our network resources are used for the benefit of all our customers especially during periods when network demand exceeds available network resources. As a part of these network management practices, we reserve the right to reduce your data speeds during times of network congestion or if you exceed certain data usage amounts in a given month. Reduced speeds and increased latency may affect the performance of data-heavy activities. The degree of reduced speeds and increased latency will vary and the performance impact for affected customers may also vary significantly. Additional terms regarding our network management practices to which you may be subject and required to agree are available at www.southernlinc.com.

5. **Equipment.** If Equipment is purchased by you, you will pay the cost shown for any Equipment described on the Order Form, plus shipping and any applicable tax. Equipment may be new or reconditioned. We may pass-through certain manufacturer warranties which apply to your Equipment and/or terms and conditions related to use of such Equipment that you purchased from us, and you may be subject to and required to agree to those terms and conditions, which are available at www.southernlinc.com.

6. **Payment and Collection.** You will pay us all amounts due under this Agreement (including, without limitation, amounts due for any Services, Equipment, and any other charges) by the payment due date shown on your invoice. You will pay us for any expenses we incur in collecting amounts due under this Agreement. You will provide us with a valid email address to which you authorize us to send your invoice. If you fail to provide us with a valid email address for invoicing, we may disconnect any Services without prior notice to you. Notwithstanding the prior two sentences, you may opt to receive a paper invoice, for an additional fee, by contacting the Customer Solution Center. You may update your email address at www.southernlinc.com or by contacting the Customer Solution Center. We and our agents may contact your email, any Southern Linc number you have and any other phone/cell number provided to us to contact you about your account status or as otherwise permitted by law, including but not limited to, collecting amounts due, using prerecorded or live calls, emails and calls or messages delivered by an automatic telephone dialer system. You will pay any federal, state, and local transactional taxes, fees or surcharges based on the place of primary use set forth on the Order Form, including, without limitation and as applicable, universal service fees, 911 surcharges, gross receipt taxes, as well as fees related to sales, mobile communications services, activation, and regulatory cost recovery (subject to change, legal or otherwise). If a place of primary use is not provided, we may refuse to sell you Equipment or Services. If you believe your invoice is incorrect, you must notify us of your dispute within 30 days from the date of the first invoice containing your dispute or waive your right to that dispute. We require written notification of any disputes to the attention of Customer Accounting at the address in Section 19. All undisputed charges must be paid by the statement due date. Upon review, if we agree with your dispute, such charges will be corrected following our resolution of the dispute or (if this Agreement has been terminated).

7. **Dishonored Check Charge; Re-connect Fees; Deposits.** If any check or similar instrument that you remit to us in payment of charges owing under this Agreement is not paid or is dishonored by a financial institution, you will pay us a fee of \$25 or the maximum amount allowed by law. We may demand payment by money order, cashier's check or similarly secure form of payment. If we disconnect any Service, you must pay a re-connect fee of \$25 per unit of Equipment per Service, in addition to any other outstanding fees, before we may reactivate Service. We may modify the terms of Service as a precondition to reactivation. We may also, in our reasonable discretion, require you to make an advance deposit in an amount not to exceed two (2) months of estimated charges to be held by us as an assurance of payment.

8. **Term/Termination/Renewal/Termination Charge.**

a. You may use Services specified on the Order Form from the date of activation of Services and continuing for the length of time shown on the Order Form or as may be otherwise extended by Equipment or service upgrades or plans (the "Initial Term"). After the end of the Initial Term, this Agreement will renew for successive one-month terms (each a "Renewal Term") unless either we or you terminate this Agreement as provided herein. Either you or we may terminate this Agreement upon the expiration of the Initial Term or any Renewal Term by providing the other with 30 days' advance written notice. We may terminate this Agreement at any time without notice upon the occurrence of a default under Section 9. If this Agreement is terminated, you will pay all amounts incurred prior to the effective date of termination.

9. **Default.** The occurrence of any of the following events constitutes default under this Agreement: (i) your failure to pay when due any amount payable under this Agreement; (ii) the sale, lease or transfer of Services without our prior written consent; (iii) any statement made or furnished to us by you or any guarantor that is false or misleading; (iv) use of Equipment, Services or System in a manner that affects our services or operations, is not within your permissible usage allowance under Section 13, is not within our system or is not approved by us; or (v) any other breach of your obligations under this Agreement or any other agreement with us. Upon the occurrence of any default, we may immediately disconnect any Services and pursue any legal remedies.

10. **Emergency Service (911).**

a. **Voice.** Your handset may be capable of Wi-Fi calling, which allows you to connect and complete voice calls using a Wi-Fi network, though log-in credentials for access may be required. When calling 911, always provide the 911 operator with your location. Your 911 call will go over Wi-Fi only if the System is unavailable. 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify your identity, device, telephone number, or location. To enable Wi-Fi calling, you must acknowledge and agree to these limitations and you must register an emergency address ("Emergency Address"). This Emergency Address may be used to help locate you when you call 911 over Wi-Fi. You must keep your Emergency Address up to date. We disclaim any liability in connection with your failure to register and/or update your Emergency Address.

b. **Data.** Data Services provided hereunder interact with 911 and other emergency services in different manners than landline or wireless telephone service. Unless your router, modem, or other data equipment is Wi-Fi Equipment (as below defined) and you have a handset enabled with Wi-Fi calling, you will not be able to use your router, modem, or other data equipment to dial 911 and other emergency services. 911 services may not be available to you, even if 911 fees are assessed by state and local authorities.

Your router, modem, or other data equipment (whether fixed or mobile) may be capable of serving as a Wi-Fi hotspot ("Wi-Fi Equipment"); this feature lets other devices access the Internet through your network connection. Handsets enabled with Wi-Fi calling may connect and complete calls using your Wi-Fi Equipment, though log-in credentials for access may be required. Whenever possible, any 911 caller using a handset connected to your Wi-Fi Equipment should use the handset's carrier network, and not your Wi-Fi Equipment network connection, to dial 911 in an emergency and provide the 911 operator with his/her location.

If a 911 caller does dial 911 using your Wi-Fi Equipment network connection, these 911 calls made over Wi-Fi may disconnect, be delayed or unsuccessful, may not connect to any emergency services provider or the appropriate emergency services provider, and may not be able to identify the caller's identity, device, telephone number, or location. To facilitate appropriate 911 call routing, you must register the physical address (including any building, floor, or suite number) ("Dispatchable Location") of your Wi-Fi Equipment. The Dispatchable Location of your Wi-Fi Equipment may be used to help locate 911 callers. You must keep the Dispatchable Location of your Wi-Fi Equipment up to date. We disclaim any liability in connection with your failure to register and/or update your Dispatchable Location.

11. **TTY.** Text Telephone Device or Telecommunication Device for the Deaf ("TTY" or "TDD"), is a special device required at both ends of the conversation that enables people who are deaf, hard of hearing or speech-impaired to use the telephone to communicate. TTY works by allowing people to type messages back and forth to one another instead of talking and listening. The FCC requires digital wireless carriers to have the capability to transmit a call from a wireless phone that is connected to a TTY. While the FCC mandate pertains specifically to calls made to 911, the ability to make a call to 911 means that you can complete a call using TTY to anyone, anywhere, provided the person on the receiving end of the call also has TTY. Our wireless phones only make voice calls using Voice Over LTE (VoLTE). You should be aware that TTY does not work on voice calls that are placed over Wi-Fi or VoLTE. TTY calls, including, without limitation, TTY calls to 911, cannot be made using IP-based calling, including Wi-Fi calling or VoLTE. If you have a communication disability and need to call 911 while using IP-based calling, we recommend that you use an alternative means of communicating utilizing IP-based Telecommunications Relay Services (TRS) such as IP Relay or Video Relay Services (VRS). Additionally, you may send a text message to 911 directly, where text to 911 is available. For more information, see www.southernlinc.com.

12. **Privacy.** To provide the Services, and in accordance with applicable laws, rules and regulations, we may use and disclose information about you, including, but not limited to, your name, street address, telephone number, email, IP address and location. Additionally, we will obtain and possess certain usage-related information about the quantity, type and usage patterns of services that you use. You acknowledge and agree that we may be obligated to disclose your information pursuant to court order or as otherwise required by law. If we are required by law or similar process to disclose your information, we may (to the extent legally permissible) provide you with written notice of such request or requirement so that you may seek an appropriate protective order. In addition, and more generally, we may collect and protect certain information from you during (and about) your use of the Services in accordance with our Privacy Policy which is available at www.southernlinc.com. Your use of certain Push-to-Talk applications requires us to provide you with additional privacy disclosures, available at www.southernlinc.com.

13. **Customer Covenants.** You will use Equipment, Services (including the transfer of information) and the System only in the manner for which each was designed and not for any unlawful, fraudulent, abusive or unethical purpose, and within your permissible usage allowance, all strictly in accordance with our Acceptable Use Policy, which is available at www.southernlinc.com. You will use only Equipment that is fully compatible with the System. If you are an institutional customer, you must instruct your employees in the use of Equipment and Services. Training assistance may be obtained by contacting the Customer Solution Center. We may terminate the Agreement if we believe that you are violating any applicable law or engaging in any fraudulent, abusive or unethical behavior. You are responsible for payment for all use (whether or not authorized) or misuse of Service(s) by you or any third party. We may block your access to the Services if we experience excessive billing, collection, fraud or other misuse of Services. All intellectual property rights remain with us or the developer and you will not (nor will you permit any other person to) modify, disclose, reproduce or reverse engineer any portion of software. Any applications, software and content that are loaded on your Equipment by non-representatives or by you are done so at your own risk. We are not responsible for (or have any liability whatsoever arising from or in connection with) any third party information, content, applications or services that you access, download or use on Equipment or otherwise use with the Services.

14. **Bring Your Own Equipment.** Equipment may be provided by you in our sole discretion. Any Equipment provided by you must be eligible and technologically compatible for use on the System, which may be determined by us in our sole discretion, and we may terminate Service without prior notice to you if (i) the Equipment becomes ineligible or technologically incompatible for use on the System, (ii) your use of the Equipment violates the terms of this Agreement, or (iii) we determine, in our sole discretion, that the Equipment would cause us to violate any law, regulation, or any other agreement by which we are bound.

15. **Warranty Disclaimer.** Services provided hereunder are part of a telecommunications service available to the public from a network serving all System customers as an integrated System. System routes all communications through central points of control used by other public traffic. We do not guarantee that there will be no gaps, interruptions or delays in Services. You may experience variations in Services and access times based upon the location involved, the other traffic on the System, or conditions of System. You may fail to obtain or maintain access due to a lack of coverage in a particular area, use of low powered portable equipment in areas where higher powered mobile equipment is needed, radio frequency propagation effects, the effects of weather, the effects of natural and constructed obstructions, equipment maintenance and upgrades, System facilities and changes, repairs and malfunctions, and public usage exceeding capacity. SERVICES MAY BE DEPENDENT UPON THIRD PARTY PROVIDERS AND MAY BE DISRUPTED OR CANCELED DUE TO ACTIONS OF THE THIRD PARTY PROVIDERS. WE DO NOT MAKE ANY, AND HEREBY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND, STATUTORY, EXPRESS OR IMPLIED, REGARDING THE SYSTEM, EQUIPMENT OR SERVICES. WITHOUT LIMITING THE FOREGOING, WE SPECIFICALLY DISCLAIM EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. WE DO NOT WARRANT THAT ANY SERVICES WILL MEET ANY OF YOUR REQUIREMENTS OR THAT THE PERFORMANCE OF SERVICES OR CONTENT THEREON WILL BE UNINTERRUPTED, TIMELY, APPROPRIATE OR FREE OF ERRORS OR INACCURACIES. ANY WARRANTY FOR APPLICATIONS, SOFTWARE OR CERTAIN EQUIPMENT IS SOLELY PROVIDED BY THE MANUFACTURER OR DEVELOPER. THE ONLY WARRANTIES ON THE EQUIPMENT ARE LIMITED WARRANTIES AVAILABLE AT WWW.SOUTHERNLINC.COM. WE FURTHER DISCLAIM ANY HARM THAT MAY RESULT FROM THE USE OR MISUSE OF ANY EQUIPMENT, APPLICATIONS OR SOFTWARE, OR PORTION THEREOF.

16. **Security.** We do not guarantee the security of your systems or Equipment and are not responsible if any software code enters your Equipment through the System that disrupts, disables or self-limits hardware or software. We disclaim any liability with respect to the unauthorized use of your information to the extent permitted by law.

17. **Force Majeure.** Neither party will be liable for a failure or delay in its performance under this Agreement (other than payment) to the extent such failure or delay was covered by an event beyond its reasonable control, including, without limitation, an act of God, flood, riot, fire, judicial or governmental action, war, cyberattack, labor dispute, failure of telecommunications facilities or transmission links, failure of digital transmission links, Internet slow-down or failure, lightning or extreme temperatures. For purposes of this Section 18, "cyberattack" means any action or series of actions, electronic or physical, taken with the intent of damaging, undermining, or destroying an electronic network or system.

18. **Miscellaneous.** Any notices under this Agreement must be made in writing and delivered to us at 4601 Southlake Parkway, Hoover, AL 35244, with a copy (for legal notices) to the Director of Legal & External Affairs, Southern Linc, 5555 Glenridge Conn., Ste. 500, Bin 79490 Atlanta, GA 30342 (or to such other addressee(s) that we may advise you of in writing). This Agreement is governed by the laws of the state in which the Services and/or Equipment are purchased, without regard to any conflict of laws. If any provision of this Agreement is held to be invalid in any respect in any jurisdiction, it will be deemed severed in that jurisdiction, but the enforceability and applicability of such provision (in any other jurisdiction) and of all other remaining provisions will continue in effect to the fullest extent permitted by law. Subject to any applicable State Contract, this Agreement constitutes the entire Agreement among the parties with respect to its subject matter, and supersedes any prior agreements, whether written, electronic, or verbal, between the parties with respect thereto. The term "person" includes any individual, corporation, partnership, trust, limited liability company, limited liability partnership, and any other entity. The term "affiliate" means any person, controlling, controlled by or under common control with, the affiliated person, and control means the power to vote the controlling interest or otherwise direct the affairs of the controlled person. The term "day" means calendar day. Except as otherwise provided herein, the Agreement may be amended only by a writing signed by both parties. Any waiver by a party must be in a writing signed by such party.

19. **Agreement Changes.** (i) Subject to applicable law, we may modify any terms of this Agreement by providing 30 days' prior written notice to you of such modification and the effective date of such modification. If you use the Services on or after the effective date of the modification or make any payment to use Services not already rendered prior to the effective date of the modification, you accept the modification. (ii) **We may modify materials referenced in this Agreement that are available on our web site from time to time by posting the then-current terms on our web site at www.southernlinc.com.** Your continued use of the Services constitutes your acceptance of such modifications. (Notwithstanding the foregoing, you may not terminate this Agreement or avoid a Termination Charge in the event that the modification is not material or consists only of a change in governmental taxes or charge or cost recovery fees.)

Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised, and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. Dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."

All documents furnished to the appraiser by the client are to be considered confidential information to the appraiser pursuant to the disclosure requirements in the confidentiality section of the ethics provision and Statement #5 of USPAP. Except as provided, neither the appraiser(s) nor the appraisal firm may divulge any operating information pertaining to the property appraisal or the analysis, opinions or conclusions developed in the appraisal report. However, this condition does not apply to any request made by professional organizations for the purpose of confidential professional standards or ethics enforcement. Also, this condition does not apply to any order by a court of law or any other body with power of subpoena. The appraiser may not discuss the confidential contents of the appraisal or the results thereof with anyone without the client's prior approval.
