ORDER NUMBER 000-2019

WHEREAS, the homeowner of 4528 Gautier-Vancleave Rd, (PID# 82426190.050) has requested a variance to allow the decrease in the south-side property setback from the required fifteen (15) feet to six (6) feet, a decrease in the north side setback from the required thirty-five (35) feet to six (6) feet, and a decrease in the rear property setback from the required thirty-five (35) feet to twenty (20) feet in an C-2 Community Commercial Zoning District; and

WHEREAS, the request property is zoned C-2 Community Commercial Zoning District. The property currently houses an existing 2015 sq. ft. day care facility. The day care proposes to expand their facility by adding a mobile unit on their existing property behind the existing building to include "After School Scholars" tutoring program and after school care for school age children. The proposed mobile unit will be made to look like it is part of the existing building. The addition of the new mobile unit would not meet the current minimum setback requirements as specified in the City of Gautier UDO, so the applicant is seeking a Variance on minimum setback requirements to accommodate this proposed new mobile unit.

WHEREAS, the property owner requests a variance to decrease the minimum property setbacks for his facility located in a C-2 Zoning District to six (6) feet on each side and twenty (20) feet for the rear property setback. The UDO specifies that the minimum property setbacks in a C-2 district be: Side—Fifteen (15) feet on interior lots and in the case of a corner lot abutting a public street the side setback shall be thirty-five (35) feet. The property at 4528 Gautier Vancleave Rd. is a corner lot and is adjacent to a residential district calling for more stringent setbacks that are described above. The setbacks in the City of Gautier Unified Development Ordinance for this C-2 property will not allow the owners to purchase this mobile unit and expand their existing facility and business. If the commercial lot is adjacent to residentially zoned property, the rear yard requirement shall be increased to thirty-five (35) feet. The outside ten (10) feet of the setback shall be a landscaped buffer area in accordance with Article XI.

WHEREAS, after duly noticed public hearing, the Gautier Planning Commission has recommended to deny the requested variance; and

WHEREAS, the Mayor and Councilmembers hereby find that all criteria under Section 4.18.4 of the Unified Development Ordinance (have or have not) been met in this case;

IT IS HEREBY ORDERED by the Mayor and Members of the Council of the City of Gautier, Mississippi, that the City Council hereby (adopts or denies) the Gautier Planning Commission's recommendation to deny a variance requesting a decrease in the south-side property setback from the required fifteen (15) feet to six (6) feet, a decrease in the north side setback from the required thirty-five (35) feet to six (6) feet, and a decrease in the rear property setback from the required thirty-five (35) feet to twenty (20) feet in an C-2 Community Commercial Zoning District at PID# 82426190.050;

CITY OF GAUTIER MEMORANDUM

To: Paula Yancey, City Manager
From: Scott Ankerson, Planning Director
Date: January 15, 2019
Subject: 4528 Gautier-Vancleave Rd. – Request for a variance allowing a decrease in the south side property set back from the required fifteen feet to six feet; a decrease in the north side setback from the required thirty-five feet to six feet; and a decrease in the rear property setback from the required thirty-five feet to twenty feet in a C-2 Community Commercial Zoning District. (GPC Case No. 18-23-VAR)

REQUEST:

The Planning Department has received a request from Anthony York dba Faithfully Yours Learning Center for a Variance allowing the decrease in the south side property set back from the required fifteen feet to six feet; a decrease in the north side setback from the required thirty-five feet to six feet; and a decrease in the rear property setback from the required thirty-five feet to twenty feet in a C-2 Community Commercial Zoning District at 4528 Gautier-Vancleave Road, PID #82426190.050. The application fee of \$175 was paid on November 27, 2018. All public notice requirements have been met.

BACKGROUND:

The request property is zoned C-2 Community Commercial Zoning District. The property currently houses an existing 2015 sq. ft. day care facility. The day care proposes to expand their facility by adding a mobile unit on their existing property behind the existing building to include “After School Scholars” tutoring program and after school care for school age children. The proposed mobile unit will be made to look like it is part of the existing building. The addition of the new mobile unit would not meet the current minimum setback requirements as specified in the City of Gautier UDO, so the applicant is seeking a Variance on minimum set back requirements to accommodate this proposed new mobile unit.

DISCUSSION:

The property owner requests a variance to decrease the minimum property setbacks for his facility located in a C-2 Zoning District to six (6) feet on each side and twenty (20) feet for the rear property setback. The UDO specifies that the minimum property setbacks in a C-2 district be: **Side**—Fifteen (15) feet on interior lots and in the case of a corner lot abutting a public street the side setback shall be thirty-five (35) feet.

Rear—None; however, if the commercial lot is adjacent to residentially zoned property, the rear yard requirement shall be increased to thirty-five (35) feet. The outside ten (10) feet of the setback shall be a landscaped buffer area in accordance with Article XI.

The property at 4528 Gautier Vancleave Rd. is a corner lot, and is adjacent to a residential district calling for more stringent setbacks that are described above. The setbacks in the City of Gautier Unified Development Ordinance for this C-2 property will not allow the owners to purchase this mobile unit and expand their existing facility and business.

DETERMINATION OF APPLICABLE LAW:

The Unified Development Ordinance (UDO) defines **Variances** as:

A Variance is a relaxation of the terms of the Unified Development Ordinance where such Variance will not be contrary to the public interest and where, owing to conditions peculiar to the property, a literal enforcement of the Ordinance would result in an unnecessary or undue hardship. As used in this Ordinance, a Variance is authorized only for height, area and size of structure, or size of yards, separation of uses, open spaces, off-street parking spaces and some subdivision of property. The establishment or expansion of a use not permitted shall not be allowed by Variance.

The UDO defines **Hardship** as:

Hardship means the exceptional hardship that would result from a failure to grant the requested variance. The City requires that the variance is exceptional, unusual, and peculiar to the property involved. Mere economic or financial hardship alone is not exceptional. Inconvenience, aesthetic considerations, physical handicaps, personal preferences, or the disapproval of one's neighbors likewise cannot, as a rule, qualify as an exceptional hardship. All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

The UDO defines **Setback** as:

SETBACK: (SEE YARD) The minimum horizontal distance between the lot or property line and the nearest front, side or rear line of the building as measured to the outside face at the enclosing wall or in structures lacking walls (as in the case of a carport) to the face of the supporting columns and beams. Setback does not include roof overhangs, except that they shall not encroach on more than fifty (50) percent of the required setback.

- A. **SETBACK, FRONT:** The yard area extending along the full width of a front lot line between side lot lines and from the front lot line to the front building line in depth.
- B. **SETBACK, REAR:** The yard area extending across the full width of the lot and lying between the rear lot line and the nearest line of the building. Rear-yard depth shall be measured at right angles to the rear line of the lot.

- C. **SETBACK, SIDE:** The yard area lying between the side line of the lot and the nearest line of the building and extending from the front yard to the rear yard, or in the absence of a front yard or a rear yard, to the front or rear lot lines. Side-yard width shall be measured at right angles to side lines of the lot.

UDO SECTION 4.18: Variance

In certain circumstances, a Variance from the dimensional requirements (i.e. height, setbacks, square footage) of this ordinance may be granted if the applicant can prove that because of physical constraints of the property involved, he is not able to build the same type of structure that other persons with the same zoning classification can build. Variances for uses permitted will not be considered in as much as “use Variances” are not legal in the State of Mississippi.

Most Variances must be granted by the City Council; however, certain minor Variances may be granted by the Economic Development Director in accordance with *Section 4.18.3* below.

4.18.1 Who May Initiate

A request for a Variance may be initiated by the property owner or agent of the owner provided that said property has not been denied a previous request for a Variance for the same property or portion of property within the past twelve (12) months.

4.18.2 Application for Variance

Applications for a Variance (from dimensional requirements) may be filed on the appropriate application available from the Economic Development/Planning Department and shall include all requested information, attachments and submittals:

4.18.3 Administrative Variances

The following dimensional variances may be granted by the Economic Development Director at his/her discretion (Note: Within the COR, Corridor Overlay District, applicants shall be required to mitigate a requested dimensional variance in accordance with the Tier Land Use Provisions in Section 5.11):

- A. 30% of required off-street parking spaces and/or
- B. 30% of required setbacks from property lines

4.18.4 Criteria for Approval

The Variance application shall demonstrate the following:

- A. That special conditions and circumstances exist which are peculiar to this particular site (lot or parcel), structure or building involved and which are not applicable to other sites (lots or parcels) or structures or buildings in the same district;
- B. That literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the provisions of this Ordinance;
- C. That the special conditions and circumstances do not result from actions of the applicant; and

- D. That granting the Variance requested will not confer upon the applicant any special privilege that is denied by this Ordinance to other similar sites (lots or parcels) structures or buildings in the same district.

RECOMMENDATION:

Planning Commission recommends that Council deny the Variance request because the applicant did not identify a need or hardship associated with the request, and had not demonstrated proof of the criteria required by the UDO for approval of such a request.

The City Council may:

1. Approve the Variance request as presented;
2. Approve the Variance requests with changes; or
3. Deny the Variance Request.

RECOMMENDATION AND CONCLUSION:

Staff has been presented with no evidence or information indicating that variance criteria 4.18.4 A or B have been met. Planning Commission must also record a Finding of Fact regarding the “Criteria for Approval” from the UDO as listed above.

The Planning Commission may:

1. Recommend that City Council approve variance request as presented;
