Call (228) 872-8340 for more information

Household Hazardous Waste is ... Unused or leftover portions of products containing toxic chemicals. Any product which is labeled CAUTION, POISONOUS, TOXIC, FLAMMABLE or CORROSIVE is considered a household hazardous waste.

A Safe Substitute is ... A safe alternative to a toxic product. Fact sheets are available to help you reduce the use of toxics and minimize health risks.

Legal Transportation is ... Leaving products in the original containers and making sure that the containers are sealed so that they will not leak. Transport containers in the trunk or in the back of the vehicle away from passengers.

DO NOT TRANSPORT OVER 5 GALLONS OR 50 POUNDS AT ONE TIME.

Proper Disposal is ... Extremely important. It is dangerous and illegal to discard hazardous household materials in the trash or down the drain. Instead; use up the product as intended or take to a household hazardous waste event.

The collection event is a community service funded by the MS Department of Environmental Quality in cooperation with the Jackson County Board of Supervisors, Municipalities and the Jackson County Solid Waste Department.

Presentation Agenda

- 1 **January 2014 Financial Report by Teresa Montgomery, Comptroller was tabled.**

There came for consideration of the Mayor and Members of the Council of the City of Gautier, Mississippi, the following:

ORDER NUMBER 053-2014

IT IS HEREBY ORDERED by the Mayor and Members of the Council of the City of Gautier, Mississippi, that the energy services agreement with McNeil Rhoads for a total meter change out from existing manual-read meters to automated, radio-read meters and also the retrofit of the interior lighting of all city buildings as well as pole lighting at George Martin City Park and City Hall is hereby approved.

IT IS FURTHER ORDERED that the City Manager or City Clerk is authorized to execute any and all documents necessary.

Motion was made by **Councilman Colledge**, seconded by **Councilwoman Martin** and the following vote was recorded:

AYES: Gordon Gollott
 Mary Martin
 Johnny Jones
 Hurley Ray Guillotte
 Casey Vaughan
 Rusty Anderson
 Adam Colledge

NAYS: None

MAYOR

ATTEST:

CITY CLERK

Passed and Adopted by Mayor and Members of the Council of the City of Gautier, Mississippi, at the meeting of March 4, 2014.

CITY OF GAUTIER

To: Gautier Mayor and City Council

From: Samantha D. Abell, City Manager

Date: February 26, 2014

Subject: Consideration of an Energy Services Agreement for the City of Gautier and McNeil Rhoads, LLC for the purposes of a self-funded total water meter change-out and lighting efficiency upgrades in city facilities.

REQUEST:

The City Council shall consider for approval an energy services agreement with McNeil Rhoads for a total meter change out from existing manual-read meters to automated, radio-read meters and also the retrofit of the interior lighting of all city buildings as well as pole lighting at George Martin City Park and City Hall.

The city attorney has reviewed the agreement and deems it legally sufficient.

BACKGROUND:

McNeil Rhoads has completed its energy and water system revenue analysis. The City Council authorized McNeil Rhoads to perform an analysis of the energy usage in city buildings as well as operational and revenue losses in the water enterprise. The deliverable of this audit is the recommendation of items deemed to pay for themselves and be life-cycle cost effective per the Asset Depreciation Ranges set forth by the Internal Revenue Service.

In the last two years, city management has conducted significant research into the most affordable option for a water meter change out, and also upgrading lighting at city facilities in order to reduce costs. This energy services agreement is made possible by the Mississippi Development Authority and will result in no cost to customers, no expense of the water enterprise or general fund, increased efficiency, improved service with new customer-friendly billing software upon completion of meter change-out, and increased revenue resulting from the capture of “lost” water that is currently not being read. The electrical retrofit represents 3.5% of the total project.

DISCUSSION:

As water meters age, they deteriorate. Inaccurate readings increase with age. Gautier repairs and/or replaces an average 25 to 30 water meters a month. Repairs and replacement require considerable time, and faulty meters are an inconvenience for citizens who are often first to discover a problem due to a billing discrepancy.

The new radio-read, water metering system will bring efficiency to meter reading and billing operation and eliminate estimated bills due to inaccessibility.

Driving by homes and businesses to get meter readings will be more convenient for our customers, who no longer need to allow meter readers onto their private property, and less labor intensive for the utility, providing cost savings.

The new water metering system incorporates an off-the-shelf, battery-operated radio transmitter onto the water meter. The water meter, with its integrated radio, transmits a relatively weak radio frequency signal, producing radio frequency waves many times lower than many other everyday items found in homes, such as cell phones, baby monitors, and wireless routers.

When it is time to retrieve the water meter reading, meter readers will drive by the property with a special receiver. Data consisting of the unique meter number and the digits of the meter reading are transmitted to the receiver. The city then uses those meter readings in the new billing software to generate the customer water bill.

Quick Facts

- All 7,010 water meter accounts in Gautier will be replaced in 2014.
- New water meters ensure everyone who uses Gautier water is paying for actual water used
- Within 24 months of the total system change-out, city management will evaluate the water enterprise to recommend to Council a reduction of the minimum monthly payment.
- Meter replacement is required of all Gautier customers.
- There is no upfront cost for the meter replacement. Citizens will not be asked for payment.
- The more modern and reliable meters have an integrated radio transmission device and allow the Utility to obtain meter readings using drive-by reading technology.
- New meter radio reads will be less disruptive for customers with less chance of estimated readings due to access limitations.
- Meter readers will no longer need to enter private property to plug in a hand-held reading device.

- New meters will be more efficient to read and allow easier access for staff and less staff time resulting in savings to customers over time.

CONCLUSION AND RECOMMENDATION:

The City Manager respectfully requests that the City Council approve the Energy Services Agreement with a total fixed project investment of \$3,196,046.75, between the City of Gautier and McNeil Rhoads. This project investment total includes design, construction, and everything related. The program is self-funded, with a conservative revenue surplus of \$827,465.87 at the end of the 15-year term of finance.

Upon Council approval, the Mississippi Development Authority will subsequently coordinate with the City Manager and MDA's project financial advisor for a competitive loan for Council consideration and approval. Based on current market conditions, the term of the financing is 15 years with an anticipated 3.4% interest. Based on the attached analysis, the new meters and lighting retrofit will self-fund improvements, and also result in a conservative additional \$827,465.87 over the next 15 years (see attached). The contract is a guaranteed max-price contract that includes design and construction.

The Council may:

1. Approve the Services Agreement with McNeil Rhoads
2. Not approve the Services Agreement with McNeil Rhoads

GENERAL TERMS AND CONDITIONS

This Energy Services Agreement (the "Agreement") is made and entered into on this, the ____ day of March, 2014 by and between McNeil Rhoads, LLC, with offices at 2001 Underwood Drive, Flowood, MS 39232 (herein called the "Contractor"), and City of Gautier, a municipality with its principal address at 3330 HWY 90, Gautier, MS 39553 (herein called the "Customer"), wherein it is agreed as follows:

1. **PURCHASE OF INFRASTRUCTURE IMPROVEMENT MEASURES.** Subject to the terms and conditions hereof, Contractor agrees to sell to Customer and Customer agrees to purchase from Contractor certain Infrastructure Improvement Measures ("IIMs") and Work as described in Exhibit A, Scope of Work.
2. **INSTALLATION.** Contractor shall install the IIMs at the Facilities identified and in accordance with provisions set forth in Exhibit A, Scope of Work.
3. **TERM.** This Agreement shall become effective upon the execution hereof by the Customer and Contractor and shall continue until (a) the payment and discharge by Customer of all its obligations hereunder; or (b) termination pursuant to any provision of this Agreement.
4. **PAYMENT.** The Customer shall pay Contractor [or any Assignee as defined in 15.0 below] for the installation and service of IIMs in accordance with the payment schedule in the attached Exhibit B, Payment Schedule. Notwithstanding the foregoing, the Customer retains any and all rights to assert claims or defenses against Contractor at Customer's own expense.
5. **AUTHORITY AND AUTHORIZATION.** Customer represents, warrants and covenants that (a) it has done all things necessary to preserve and keep in full force and effect (i) its existence and (ii) the Agreement; (b) all requirements have been met and procedures have been followed to ensure the enforceability of the Agreement; and (c) there is not any pending, or to the best of Customer's knowledge, threatened, suits or actions, litigation or proceedings against or affecting Customer that affects the validity or enforceability of this Agreement.
6. **LIMITED WARRANTIES.** Contractor has provided Customer with certain written limited warranties with respect to the IIMs identified in Exhibit A. Except for such limited warranties in this Agreement, Contractor makes no warranty of any kind or nature, express or implied, relating to the IIMs or its performance or the installation and service thereof. No Assignee(s) of the Contractor to this Agreement may make warranties of any kind or nature, express or implied, relating to the IIMs or the performance or the installation and service thereof. Contractor warrants the merchantability and fitness of the IIMs for their particular purpose.
7. **INDEMNITY AND LIMITATION OF LIABILITY.** Contractor shall indemnify and save harmless the Customer, its employees or agents from any and all losses, claims and expenses for injury to persons or damage to property to the extent arising out of the negligence or willful misconduct of Contractor in the performance of this Agreement. Any losses, claims, expenses and damages for which Contractor agrees to indemnify the Customer hereunder shall be limited to direct losses, claims, expenses and damages and shall not include incidental or consequential damages.
8. **FORCE MAJEURE.** Except for any obligation to pay money under this Agreement, if either party shall be delayed in or prevented from the performance of any of the terms, covenants and conditions of this Agreement, by reason of restrictive governmental laws or regulations, riots, insurrections, war, sabotage, or acts of God not the fault of the party delayed in or prevented from performance, then performance shall be excused for the period of the delay or prevention of performance and the time for performance shall be extended for an equivalent period not to exceed six (6) months; otherwise, the Customer will have the right to terminate agreement. In either event, Contractor shall be reimbursed for all costs to date of termination.
9. **TITLE.** Title to the IIMs implemented at Customer's Facilities is deemed to be free and clear of any liens created by Contractor. Should it become necessary, at the request of the Customer, Contractor or its Assignee agrees to execute any appropriate documents submitted by the Customer to the Contractor or its Assignee evidencing such right, title and interest in the IIMs.
10. **USE; REPAIRS.** Customer, at its sole cost and expense, shall maintain the IIMs according to the manufacturers' recommended guidelines or the equivalent and meet any and all re-certification requirements and shall furnish proof of such maintenance, if requested by Contractor, and the Customer shall furnish all needed servicing and parts, which parts shall become part of the IIMs.

11. INSURANCE.

Prior to commencing the Work, Contractor shall provide a certificate of insurance to the Customer showing its insurance coverage. Contractor shall maintain such insurance in full force and effect at all times until the Work has been completed, naming the Customer as additional insured and each such policy shall waive subrogation in favor of the Customer, as follows:

Coverage	Limits of Liability
Workers Compensation	Statutory
Employer's Liability	Statutory
Comprehensive General Liability	\$1,000,000 Each Person \$1,000,000 General Aggregate
Automobile Liability	\$1,000,000 Combined Single Limit

12. **EVENTS OF DEFAULT AND TERMINATION.** (a) As to Customer, the term "Event of Default", as used in this Agreement, means the occurrence of any one or more of the following events: (i) Customer fails to make any Progress Payment (or any other payment) as it becomes due in accordance with the terms of this Agreement, and any such failure continues for twenty (20) business days after the due date thereof; (ii) Customer fails to perform or observe any other covenant, condition or agreement to be performed or observed by it hereunder and such failure is not cured (or fails to commence cure in good faith) within ten (10) business days after written notice thereof by Contractor; (iii) The discovery by Contractor that any statement, representation or warranty made by Customer, legal, financial or otherwise, in this Agreement or in any document ever delivered by Customer pursuant hereto or in connection herewith is false, misleading or erroneous in any material respect; or (iv) Customer becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of Customer or of all or a substantial part of its assets, petition for relief is filed by Customer under federal bankruptcy, insolvency or similar laws, or a petition in a proceeding under any bankruptcy, insolvency or similar law is filed against Customer and is not dismissed within thirty (30) calendar days thereafter.

(b) As to Contractor, the term "Event of Default", as used in this agreement, means the occurrence of any one or more of the following events: (i) Failure to substantially perform the obligations of Contractor in the manner and within the time prescribed by the terms of this Agreement; (ii) Contractor fails to perform or observe any other material covenant, condition or agreement to be performed or observed by it hereunder and such failure is not cured (or fails to commence cure in good faith) within ten (10) business days after written notice thereof by Customer; (iii) the discovery by Customer that any statement, representation or warranty made by Contractor, legal, financial or otherwise, in this Agreement or in any document ever delivered by Contractor pursuant hereto or in connection herewith is false, misleading or erroneous in any material respect; or (iv) Contractor becomes insolvent, is unable to pay its debts as they become due, makes an assignment for the benefit of creditors, applies or consents to the appointment of a receiver, trustee, conservator or liquidator of Contractor or of all or a substantial part of its assets, petition for relief is filed by Contractor under federal bankruptcy, insolvency or similar laws, or a petition in a proceeding under any bankruptcy, insolvency or similar laws is filed against Contractor and is not dismissed within thirty (30) calendar days thereafter.

13. **REMEDIES.** Upon the occurrence of an Event of Default, either party may, at its option, exercise any right, remedy, or privilege which may be available to it under Mississippi law, including the right to (i) Proceed by appropriate court action to enforce the terms of this Agreement, and (ii) Recover damages for the breach of this Agreement. In addition, the parties shall remain liable for all covenants and under this Agreement.

14. **INTELLECTUAL PROPERTY.** No right, title or interest in or license to, any patents, trade secrets, copyrights, trademarks or other intellectual property of a party is granted or conveyed by either of the Parties to the other.

Contractor agrees to defend, indemnify and hold harmless Customer from and against any claim, suit, demand or action alleging that the use or sale of the goods or services furnished by Contractor infringes a U.S. patent, copyright, trademark, or any other published intellectual property rights of any third party; provided however, that (i) Customer shall give Contractor immediate written notice of such action and all prior claims relating thereto; (ii) Customer shall fully cooperate with Contractor in the defense of such action and all negotiations for its settlement or compromise at no expense to the Customer.

If a temporary or final injunction is obtained against Customer's use of the IIMs or any component thereof by reason of an infringement of a U.S.-recorded patent, copyright, trademark, or other published intellectual property rights, Contractor will, at its option and expense, either (i) procure for Customer the right to continue to use the goods or services; or (ii) replace or modify for

Customer the goods or services so it no longer infringes such U.S.-recorded patent, copyright, trademark or other published intellectual property right so that the FIM(s) continues to conform to the Agreement in all material respects.

Contractor shall have no liability to Customer for any infringement action that is based upon or arises out of the use of IIMs or any component thereof in combination with any other system, equipment or software that is: (i) not otherwise supplied by Contractor; or (ii) inconsistent with the intended use of goods and services or any component thereof.

This section sets forth the exclusive remedy of Customer against Contractor with respect to any action claim for alleged infringement or any patent, copyright, trademarks, trade secret or other intellectual property right involving the goods and services or any component thereof.

15. **ASSIGNMENT.** Without Contractor's prior written consent, or except in the context of a lease financing, Customer shall not: (a) assign, transfer, pledge, hypothecate or grant any security interest in, or otherwise dispose of, this Agreement or any interest in this Agreement or the IIMs until Customer takes full ownership of the IIM's included in this Agreement or (b) sublet or lend the IIMs or permit the IIMs to be used by anyone other than Customer or Customer's employees. Contractor, without the consent of Customer, may assign its right and obligations under this Agreement to any affiliate or subsidiary of Contractor. Contractor will have the right to subcontract any of the IIMs.
16. **AMENDMENTS.** This Agreement may only be amended or any of its terms modified for the purpose of adding or modifying IIMs, with the written consent of both parties hereto. All other amendments or modification of the terms of this Agreement must be accomplished by written consent of Customer and Contractor, and its Assignee, if any.
17. **NOTICES.** All notices to be given under this, Agreement shall be made in writing and mailed by certified mail to the other party at its address set forth herein or at such address as the party may provide in writing from time to time. Any such notice shall be deemed to have been received ten (10) business days subsequent to mailing.
18. **SECTION HEADINGS.** All section headings contained herein are for the convenience of reference only and are not intended to define or limit the scope of any provision of this Agreement.
19. **GOVERNING LAW.** This Agreement shall be governed by the provisions hereof and by the laws of the State of Mississippi.
20. **INDEPENDENT PARTIES.** Nothing contained in this Agreement will be deemed or construed for any purpose, to establish, between the parties, a partnership or joint venture, a principal-agent relationship, employee-employer relationship or any relationship other than Customer and Contractor.
21. **OTHER USAGES.** References to "this agreement", "the agreement", "hereof", "herein", "hereto" and like references refer to this Energy Service Agreement and not to any particular section or other subdivision of this agreement.
22. **ENTIRE AGREEMENT.** This Agreement, together with the exhibits attached hereto and incorporated by reference herein, constitute the entire Agreement between the parties with respect to the purchase of the IIMs. All previous proposals, oral or written communication, engineering information or written communication are superseded by this Agreement.
23. **SEVERABILITY.** Any provision of this Agreement found to be prohibited by a court of law shall be ineffective to the extent of such prohibition without invalidating the remainder of this Agreement and all other provisions shall remain in full force and effect.
24. **WAIVER.** The waiver by a Party of any breach by the other Party of any term, covenant or condition hereof shall not operate as a waiver of any subsequent breach hereof.

SECTION 1 -- DEFINITIONS

The following definitions shall for all purposes of this Agreement have the following respective meaning unless the context otherwise specifies or requires or unless otherwise defined herein:

“Acceptance” means the Customer has signed the Certificate of Substantial Completion or taken beneficial occupancy of the IIMs.

“Acceptance Date” means the date on which the Customer signs the Certificate of Substantial Completion or taken beneficial occupancy of the IIMs.

“Commencement Date” means the date on which Contractor begins performing the Work, established by Customer issuing to Contractor a written Notice To Proceed letter.

“Construction Period” means the period from the Commencement Date to the Acceptance Date.

“Facilities” means those buildings or sites where the IIMs will be implemented.

“Infrastructure Improvement Measures” (“IIMs”) means various items of equipment, devices, materials and/or software installed by Contractor at the Facilities or Infrastructure, for the purpose of improving the operation and the efficiency of the equipment at the Facilities or Infrastructure, as described in Exhibit A (Scope of Work).

“Total Project Costs” means all costs incurred at such time or times relating to this Agreement including evaluation, engineering, procurement, installation, and financing (interest). Financing costs, if any, are to be paid by Customer to the financial institution selected by the Customer for this Agreement.

“Work” means the collective labor, equipment and services comprising the IIMs to be performed by CONTRACTOR, as described in the Scope of Work, Exhibit A, hereto.

SECTION 2 -- FACILITY & OPERATIONAL TERMS AND CONDITIONS

2.1 Work by Contractor

Contractor will, at its sole cost and expense:

- a) Designate a person to be known as the Contractor Representative. The Contractor Representative will act as a single point of contact on behalf of Contractor with respect to all matters under this Agreement and will become familiar with the progress and quality of the completed Work.
- b) Take all actions that are necessary to perform the Work.

2.2 Assistance to be Provided by the Customer

In order to assist Contractor in the implementation of the Work and to encourage the efficient use of resources, the Customer will, at its sole cost and expense:

- a) Designate a person to be known as the Customer Representative. The Customer Representative will act as a single point of contact on behalf of the Customer with respect to all matters under this Agreement and will become familiar with the progress and quality of the completed Work.
- b) Furnish Contractor with those blueprints, surveys, legal descriptions of the site, and other information regarding the Facility as Contractor may reasonably request in order to complete the Work. Originals furnished to the Contractor shall be returned to the Customer. Otherwise, copies made by the Contractor shall become the property of Contractor.
- c) Promptly, and in any event within fifteen (15) business days, respond to samples or documents submitted by Contractor to the Customer for review and approval under this Agreement.
- d) Allow reasonable means of twenty-four (24) hour access to its Facility in order to accomplish the Work. Contractor should provide a minimum of five (5) days notice to the Customer when extraordinary access to the Facility is required. Contractor is to notify Customer prior to commencement of Work at the Facility. Contractor will not be allowed to work at certain times during times in certain areas (such as when events are taking place) Customer will notify Contractor of these schedules of constraint within sufficient time to allow Contractor to not be unreasonably hindered in the performance of the Work, and in any event, not less than five (5) days ahead of the time that Work will be affected. The customer will not unreasonably hinder the Contractor in its ability to perform the Work.
- e) Operate equipment according to the manufacturer's recommendations.
- f) Notify Contractor in writing of any policies (e.g. safety) of the Facility that affects the Work.

2.3 Changes

- a) Either party may request additions, deletions, modifications or other changes ("Changes") to the Work. Requests for Changes will not be unreasonably denied. Changes will be authorized only by a written agreement executed by both parties, and only after ratification by the Customers council.
- b) Contractor may, in its sole discretion, substitute alternative parts or equipment provided that the alternative parts and equipment perform the functions of and are of equal or better quality than the parts and equipment for which they are substituted.

2.4 Acceptance

- a) When Contractor believes that all, or an independent, definable phase, of the Work has been completed in accordance with the terms of this Agreement, Contractor will submit a Certificate of Substantial Completion to the Customer.
- b) If the Work substantially conforms to the description of that Work, the Customer will accept that Work by signing the Certificate of Substantial Completion and returning it to Contractor. If the Work does not substantially conform, then the Customer Representative shall so notify Contractor within five (5) business days of the discrepancies. Upon notification of the discrepancies, the Contractor shall correct the Work to conform in accordance with the description of the Work and resubmit the Certificate of Substantial Completion to the Customer. If the Customer Representative does not deliver written notice to Contractor within five (5) business days of receiving the Certificate of Substantial Completion, the Customer will be deemed to have signed and returned the Certificate of Substantial Completion.

- c) Any disputes concerning the completion of the Work will be resolved by a third party professional engineering firm acceptable to both Contractor and the Customer. The determination of this firm will be a final and binding resolution. The parties will each be responsible for half of the fees of this firm.

2.5 Equipment Warranty

- a) Contractor warrants that all equipment manufactured by it or bearing its nameplate will be free from defects in materials and workmanship arising from normal use. This warranty will be effective with respect to each piece of the equipment, for a period of one year from its Acceptance Date. If any of the equipment should prove defective under this warranty, Contractor will, at its option, repair, replace or issue credit for the item.
- b) For equipment not manufactured by Contractor, Contractor will provide only the warranty service provided by the original manufacturer's warranty. Contractor is not providing an additional warranty for equipment not manufactured by Contractor. Contractor assigns to the Customer, without recourse, any and all assignable warranties available from any manufacturer, supplier, or subcontractor of such equipment..
- c) Any claim under the limited warranty granted above must be made in writing to Contractor within thirty (30) days after discovery of the claimed defect unless discovered directly by Contractor. Such limited warranty only extends to the Customer and not to any subsequent owner of the equipment. The Customer's sole and exclusive remedy for any equipment or services not conforming with this limited warranty is limited to, at Consultant's option: (i) repair or replacement of defective components of covered equipment; (ii) re-performance of the defective portion of the services; or (iii) to the extent previously paid and itemized, the issuance of a credit or refund for the original purchase price of such defective component or portion of the equipment or services.
- d) Contractor shall not be required to repair or replace more than the component(s) of the equipment or the portion of the work and services actually found to be defective. Repaired or replaced equipment or services will be warranted hereunder only for the remaining portion of the original warranty period.
- e) THE LIMITED EXPRESS WARRANTIES AND REPRESENTATIONS SET FORTH IN THIS AGREEMENT MAY ONLY BE MODIFIED OR SUPPLEMENTED IN A WRITING EXECUTED BY A DULY AUTHORIZED SIGNATORY OF EACH PARTY.

2.6 Discovery and Disposal of Hazardous Substances

- a) Other than those items noted hereinafter, the Customer warrants that to its knowledge there is no asbestos, asbestos containing material, formaldehyde, refrigerant fluid, mercury, PCBs or other toxic or hazardous substance (each a "Hazardous Substance") at the Facility that could create an unsafe condition where the Work is to be performed. The Contractor shall handle any PCB contaminated light ballasts in accordance and compliance with all applicable laws. The Customer is responsible for all costs associated with the disposal of all hazardous substances. The Customer acknowledges that the disposal of such PCB contaminated light ballasts is the responsibility of the Customer. Contractor will assist Customer in the proper disposal of the PCB contaminated light ballasts.

Contractor shall be responsible for surveying all Facilities for any hazardous substances before directing its employees or subcontractors to begin the Work. If discovered then or in the course of the Work, Contractor shall cease work in the area and notify the Customer.

- b) If any Hazardous Substance is discovered at the Facility during the Work, such discovery shall constitute a cause beyond Contractor's reasonable control and Contractor shall have the right to cease the Work until the Customer, at its expense, as appropriate, tests, abates, encapsulates, cleans up, removes and disposes of such Hazardous Substances.
- c) Any hazardous material addressed as part of the Scope in Section 4 above, remains the property of the Customer. Contractor is assisting the Customer in the arrangements of the disposal of said materials only, and does not assume any ownership or liability for the materials.
- d) Contractor is responsible for supplying proper disposal containers for any lamps containing mercury and ballasts containing PCBs. Contractor is also responsible for instructing, directing and monitoring the proper handling of all lamps and ballasts by their employees, subcontractors, representatives and agents. Contractor shall supply Customer with certified documentation of proper disposal of all lamps and ballasts.

WHEREFORE, the parties have caused this Energy Services Agreement to be signed by their duly authorized representatives on the date first above written, and this Agreement may be executed in counterparts, each of which shall be deemed an original and together shall constitute one and the same instrument.

CITY OF GAUTIER

Energy Services Program

WHAT IS ENERGY SERVICES?

- ✧ MDA Regulated Program
- ✧ Self-Funded Improvements to Infrastructure
- ✧ Procurement Mechanism authorized by MS Legislature
- ✧ Risk Mitigation to the City of Gautier
- ✧ Part of Governor's Energy & Natural Resource Initiative

DESIGN/BUILD CONSTRUCTION

- ✧ Turn Key Guaranteed Max Price Contract
- ✧ No change orders or outside fees
- ✧ 1 Point of Responsibility
- ✧ Product Selection based on Life Cycle Cost

FINANCIAL TOOL

- ✧ Only Self-Funded Improvements are Included
- ✧ MDA Loan Program Available
- ✧ Project Pays for Itself
- ✧ Allows City to Minimize Cost and Maximize Revenues

GAUTIER PROJECT

- * Building/Outdoor Lighting
- * Water Meter Replacement

LIGHTING

- ✧ 952 Retrofitted Interior Fixtures
- ✧ Standardized 25W T-8's
- ✧ New LED Exit Lighting
- ✧ New LED Pole Lighting for City Park and City Hall

WATER METERS

- * 7,010 Active Accounts
- * 275 Meters for Inventory
- * HbMag on all Commercial
 - * No maintenance or calibration needed
- * Drive-by System
 - * Eliminates Human Error in Readings
 - * Hourly Data on Consumption

CUSTOMER INFORMATION

STUDY FINDINGS

- * 38% of Customers Excluded
 - * Do not meet mandatory minimum even with new meters
- * 11% loss in meters
- * Accounts for 21% of Unaccounted For Water

NEXT STEPS

- * Approval of Contract (March 4)
- * Issue Notice to MDA to secure financing (March 4)
- * Council Approves Final Lease Documents (April 15)
- * Begin Construction (May 1st)
- * Pole Lighting Installed (Late May)
- * Building Lighting Complete (Early July)
- * Meter Changeout (May-October)
- * Automated System Fully Operational (November)

LONG RANGE PLAN

- * Rate Analysis to be Completed Post-Construction
 - * Evaluate Mandatory Minimums
 - * Evaluate Rate Structure
- * Billing System Upgrade
 - * Begin Research during Meter Changeout
 - * Online Bill Payment and Customer Portal

Article 1: Scope of Work

1. *Description:* Except as otherwise expressly provided herein, Contractor shall provide each and every item of cost and expense necessary for:

Facility Name	Lighting Upgrades	Water Meter Upgrades
City Hall	X	
City Hall – Maintenance 1	X	
City Hall – Maintenance 2	X	
City Park	X	
Police Department	X	
Public Works	X	
Public Works – Warehouse	X	
Central Fire Station	X	
North Fire Station	X	
South Fire Station	X	
City Wide		X

1. *Specific Elements:* The Work shall include the following:
1. **Lighting Upgrades** – CONTRACTOR will upgrade multiple Facilities' lighting systems with energy efficient lighting and occupancy sensor control devices.
 - Summary of Fixtures Installed:
 - o 133 New Fixtures
 - o 756 Retrofitted Fixtures
 - o 12 Interior Occupancy Sensors
 - Summary of Fixtures Excluded:
 - o 51 Existing Fixtures Excluded.

INTERIOR OCCUPANCY SENSORS

These sensors will be installed at CONTRACTOR'S discretion. The installation count may vary based on individual usage patterns and/or electrical circuitry variances.

ELECTRICAL WIRING

Electrical wiring is included in the scope of this IIM. CONTRACTOR assumes sufficient power is available at the rooms where the fixtures are located and no extraordinary means will be necessary to provide power.

FIXTURE LENS STATEMENT

The lighting upgrade IIM is designed to maximize the energy efficiency of the lighting systems, while delivering adequate lighting levels throughout the Facilities. The purpose of the upgrade is not founded in

Exhibit A - Scope of Work
Energy Services Agreement

aesthetic considerations; therefore, the replacement or installation of new fixture lenses will only take place when the fixture retrofit is required to provide sufficient light levels. Older or damaged lenses that the CUSTOMER desires to be replaced can be addressed as additional work.

The lighting Scope of Work to be executed at each Facility is identified on the following pages. Final design will be at CONTRACTOR's discretion with consultation from CUSTOMER. The As-built and Operations and Maintenance Manuals will contain final quantities.

2. Water Meter Upgrades - Except as otherwise expressly provided herein, CONTRACTOR will upgrade the CUSTOMER's water utility system as follows:

CONTRACTOR will install a Hot Rod™ AMR (Automated Meter Reading) System from Mueller Systems and water meters (or similar) as follows:

- 7,011 – Installed water meters with a Mueller Hot Rod™ Radio Module at the contracted service addresses identified in Attachment 1 to Exhibit A (only active accounts are included in this scope of work);
- Provide assistance with existing download billing system provider for downloading existing account information;
- Training to include:
 - o Field training for meter maintenance staff of proper installation and maintenance of all system components
- Provide a customized software program to enable upload of all critical billing account data back into the billing system;

Exhibit A - Scope of Work
Energy Services Agreement

- Commissioning/verification of the system;
- Operations & Maintenance manuals to include:
 - o Equipment Specification Sheets for each component installed including meters, transmitters, and all ancillary equipment provided.
 - o Operation, maintenance, and training manuals, in both paper and electronic format, for the equipment listed above.

The necessary auxiliary equipment such as curb stops, nuts, boxes, bolts & gaskets will be provided as required to install the water meters unless specifically noted in the table below. Contractor will also provide training and administrative support prior to Substantial Completion. The table below shows the meter quantities that CONTRACTOR will install for this IIM:

Quantity	Water Meter System Description
6,766	5/8"x3/4" Hersey Composite Positive Displacement Meter
129	1" Hersey Bronze Positive Displacement Meter
8	1.5" converted to 2" Hersey Bronze Positive Displacement Meter
72	2" Hersey Bronze Positive Displacement Meter
8	3" HbMag Magnetic Flow Meter
13	4" HbMag Magnetic Flow Meter
12	6" HbMag Magnetic Flow Meter
3	8" HbMag Magnetic Flow Meter
7,011	Mueller Systems Hot Rod Radio Module
1	Mueller Systems Hot Rod Mobile AMR kit with Laptop
1	Mueller Systems Additional Pit Stop Diagnostic Handheld

Additional meters will not be installed but provided to the CUSTOMER for replacement needs or new activations after substantial completion to be placed in CUSTOMER's inventory as follows:

- 250 – 5/8"x3/4" Hersey Composite Positive Displacement Meter
 - 20 – 1" Hersey Bronze Positive Displacement Meter
 - 5 – 2" Hersey Bronze Positive Displacement Meter
2. *Technical Specifications, Drawings, and Exhibits:* The Work shall be performed in accordance with the following specifications, drawings and other attachments hereto, which are specifically incorporated herein and made part hereof:
- Gautier ESA ExA Attachment 1 – Active Water Meter Accounts
3. Customer's Responsibilities (in addition to those in the Agreement):
- Respond to samples or documents submitted by CONTRACTOR to the CUSTOMER for review and approval within fifteen (15) business days.
 - Designate a person to be known as the CUSTOMER Representative who will act as a single point of contact on behalf of the CUSTOMER with respect to matters under this Agreement and will become familiar with the progress and quality of the Work.

Exhibit A - Scope of Work
Energy Services Agreement

- Furnish CONTRACTOR with those blueprints, surveys, legal descriptions of the site, and other information regarding the Facilities as CONTRACTOR may reasonably request in order to complete the Work.
 - Allow reasonable means of twenty-four (24) hour access to the Facility in order to accomplish the Work. CONTRACTOR should provide a minimum of five (5) business days notice to the CUSTOMER when extraordinary access to any Facility is required. CONTRACTOR is to notify CUSTOMER prior to commencement of Work at any Facility. CONTRACTOR will not be allowed to work at certain times during the year in certain areas. CUSTOMER will notify CONTRACTOR of these schedules of constraint within sufficient time to allow CONTRACTOR to not be unreasonably hindered in the performance of the Work, and in any event, not less than five (5) days ahead of the time that Work will be affected. If CONTRACTOR is unreasonably hindered in its ability to perform the Work, it will be eligible for additional compensation.
 - Operate Equipment according to the manufacturer's recommendations.
 - Notify CONTRACTOR in writing of any policies (e.g., safety) of the Facility that affects the Work.
4. Items not Covered in Scope:
- Leaks on Utility or Customer Side prior to exchanging meter
 - Meters that cannot be located
 - Meters buried in concrete or asphalt
 - Meter spuds/riser fittings in concrete/asphalt or state of disrepair
 - Obstruction of meter (roots, vegetation, fences, etc.)
 - Prevention of service (animals, customer, etc)

Article 2: Work Implementation Period

- 2.1 CONTRACTOR shall commence the Work 90 calendar days from the Effective Contract Date, and shall perform the Work diligently and shall complete the Work no later than 275 calendar days from the day of commencement.

By signing below, this Exhibit A is attached to and made a part of the Agreement between Contractor and the Customer.

Article 1: Payment for Scope of Work

- 1.1 **Price:** As full consideration of the Work described in Exhibit A, Article 1: Scope of Work, the Customer shall pay to Contractor **\$3,196,046** (plus taxes, if applicable).
2. **Escrow:** The Customer has agreed to deposit the Price into an Escrow Account at a financial institution satisfactory to both the Customer and Contractor. All expenses to establish the Escrow Account shall be the complete responsibility of the Customer and the Customer will receive all interest earnings from the Escrow Account. Contractor will submit periodic invoices to the Customer based on the Payment Schedule in Table B.1 below. The Customer shall be responsible for submitting the necessary documents to the Escrow Agent to allow for timely disbursements from the Escrow Account. The funding of the Escrow Account in an amount equal to or greater than the Price stated in Article 1.1 above shall be a condition precedent to Contractor obligation to perform or to continue the performance of the Work. If the Escrow Account is not funded within 90 days of the execution of this Agreement, this Agreement shall be null and void if so requested by either party. This 90 day funding period may be extended as mutually agreed by the Parties. In the event that the Agreement becomes null and void as described in this paragraph and Customer has previously authorized Contractor to proceed with the Work, the Customer shall be obligated to reimburse Contractor either: (i) for the Work performed to date; or (ii) for the Work specifically authorized by the Customer.
3. **Timely Payments:** The Customer agrees to pay Contractor based on Percentage Complete method per Table B.1 below. Each month Contractor will submit payment request in AIA format to Customer. Customer agrees to pay all invoices submitted by Contractor per the Agreement.

Table B.1 – Work Payment Schedule

Project Phase	Payments (\$)	Payments (%)	Notes
Eng./Preconstruction Services/Audit/Mobilization	\$319,604.60	10%	
Progress Payment #1	\$319,604.60	10%	
Progress Payment #2	\$1,598,023.00	50%	
Progress Payment #3	\$159,802.30	5%	
Progress Payment #4	\$159,802.30	5%	
Progress Payment #5	\$159,802.30	5%	
Progress Payment #6	\$159,802.30	5%	
Progress Payment #7	\$159,802.30	5%	
Retainage	\$159,802.30	5%	
PROJECT TOTAL:	\$3,196,046	100%	

Exhibit B – Payment Schedule
Energy Services Agreement

By signing below, this Exhibit B Article 1 is attached to and made a part of the Agreement between Contractor and the Customer.

There came for consideration of the Mayor and Members of the Council of the City of Gautier, Mississippi, the following:

ORDER NUMBER 054-2014

IT IS HEREBY ORDERED by the Mayor and Members of the Council of the City of Gautier, Mississippi, pursuant to the Mississippi Codes Annotated, 1972 & Title 21, Chapter 19, Section 11 and based on all evidence and testimony presented at the public hearing, including the Planning and Economic Development Department's discussion paper, that the property owned by – Harrield A. Teague and Teresa Ann Teague, 5401 Carter Road, Ocean Springs, MS, Lots 55 & 56 Fountainebleau Acres and made the subject of this public hearing, is in such a state of uncleanness as to be a menace to public health, safety and welfare of the community.

Based on these findings, the Mayor and Members of the Council hereby approve and authorize the City by the use of municipal workers or by contract to clean the land, by cutting the grass and weeds, removing rubbish, dilapidated fences, building, vehicles, boats, and other debris, etc. as recommended by the Planning and Economic Development Department. The municipality may reenter the property or parcel of land for a period of one (1) year after the hearing without any further hearing if notice is posted on the property or parcel of land and at city hall or another place in the municipality where such notices are generally posted at least seven (7) days before the property or parcel of land is reentered for cleaning – Harrield A. Teague and Teresa Ann Teague, 5401 Carter Road, Ocean Springs, MS, PIDN 85298072.000, Lots 55 & 56 Fountainebleau Acres, Deed Bk 1218, Page 631.

IT IS FURTHER ORDERED that the City Manager and City Clerk are authorized to execute any and all documents necessary.

Motion was made by **Councilman Jones**, seconded by **Councilwoman Martin** and the following vote was recorded:

AYES: Gordon Gollott
 Mary Martin
 Johnny Jones
 Hurley Ray Guillotte
 Casey Vaughan
 Rusty Anderson
 Adam Colledge

NAYS: None

MAYOR

ATTEST:

CITY CLERK

Passed and Adopted by the Mayor and Members of the Council of the City of Gautier, Mississippi, at the meeting of March 4, 2014.

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha Abell, City Manager
From: Joseph Belles, Code Enforcement Officer
Through: Chandra Nicholson, Planning and Economic Development Director
Patty Huffman, Grants and Projects Manager
Date: February 18, 2014
Subject: 5401 Carter Road Ocean Springs, Mississippi 39564

REQUEST:

Pursuant to the Mississippi Codes Annotated, 1972 § Title 21, Chapter 19, Section 11, the City of Gautier, the Mayor and City Council will conduct a public hearing and receive public comment(s) regarding staff's recommendation to clean this private property and remove all dilapidated structures, vehicles, boats, etc.

BACKGROUND:

An initial telephone complaint from a neighbor concerned a homeless couple residing in an old school bus parked on this vacant property. There are no water, electricity, or toilet facilities. Code enforcement began a search for the property owner and was informed by a neighbor where the one owner might be located. After locating the owner, both code enforcement and the building administrator met with the owner and provided an initial letter of violation and requested permission to inspect the property at an agreed upon date and time. On February 26, 2013, the building administrator and code enforcement met the owner at the property for an inspection. Gautier police department was also notified of the situation but was unable to respond due to calls that were more urgent. During an inspection of the property, city employees verified the uninhabitable living conditions in the school bus occupied by a white female approximately 45 years old. In addition, there were approximately ten dogs chained-up or located in small enclosures on the property. Inside the bus were at least twenty to twenty-five cats that entered the bus through open windows. All observations were discussed with the planning department director and on March 4, 2013, a second letter of violation was given to the property owner. A request was made to have the occupant and all the animals removed from the property by March 15, 2013. In April 2013, code enforcement notified the State Department of Environmental Quality (DEQ) and declared the property an illegal dumpsite and the State DEQ initiated a case # CTS 35926.

The DEQ later referred the concern back to code enforcement for correction of the violations. Code enforcement then requested the city pursue a possible grant available for solid waste violations of this nature. The grant manager was successful securing a twenty-five thousand dollar solid waste assistance grant to provide for educational material and clean up of solid waste violations within the city.

To the knowledge of code enforcement, the property owner is living on a minimum fixed income and is not financially or physically capable of performing the work necessary to abate the violations at his property. The other property owner has not been located and has not been seen by her brother for the last twenty years.

Other owners near this property have not expressed a concern regarding this property mainly due to the extremely large parcels of land in this area. However, code enforcement is not aware of any other city property in this austere condition. The property condition is clearly a concern for the health, safety and welfare of our community. There are two dilapidated manufactured homes, an old pole barn, two boats, a shipping container and a ten-foot high pile of bags full of household trash. Code enforcement informed the owner by letter on December 30, 2013 that the property would be recommended for private property clean up and a public hearing, if not in compliance by February 4, 2014.

On February 18, 2014, the Mayor and City Council set a public hearing date of March 4, 2014, and all interested parties were notified by letter. Additionally, both the property and city bulletin board were posted with a copy of the public hearing notice two weeks prior to the scheduled hearing.

DISCUSSION:

The primary goal is to clean up the property of all trash/debris, remove all dilapidated structures, vehicles, boats etc. pursuant to the Mississippi Codes Annotated, 1972 § Title 21, Chapter 19, Section 11.

RECOMMENDATION:

Staff recommends the Mayor and Council should allow the responsible party until March 31, 2014, to clean up the property and remove all dilapidated structures, vehicles, boats etc. If the property is not cleaned, dilapidated structures, vehicles, boats, etc. removed, by March 31, 2014, the Mayor, and Council should direct staff to commence with clean up of the property and removal of all violations stated above after the statutory 10-day appeal period from the date of Council action and adjournment.

ATTACHMENTS 10:

1. Quasi-Judicial Procedures
2. Property tax document
3. Parcel information (2 pgs)
4. February 18, 2014, Letter of notification public hearing
5. Public Notice Document Posted two weeks prior to public hearing
6. Dec 26, 2013, Letter of notification to clean private land
7. Mar 20, 2013, Final, Letter of violation
8. Mar 4, 2013, Letter of violation
9. Feb 14, 2013. Initial, Letter of violation
10. Property Photos (3 pgs)

QUASI-JUDICIAL PROCEDURES

1. Announcement of Matter. Read the matter title to be considered.
2. Swear the Witnesses. All witnesses, parties, citizen participants and City Staff who plan to speak at the hearing shall collectively be sworn at the beginning of the hearing by the City Attorney
3. Ex Parte Disclosure. All members must disclose on the record any ex parte communications, to include any physical inspections of the subject property. The disclosure should include with whom any communication has taken place, a summary of the substance of the communication, and the date of the site visit, if any. If anyone has received written communications, the writing must be presented, read into record or a copy provided to all participants, and made a part of the official record.
4. Applicant Presentation.
5. Questions directed to Applicant. The applicant should answer any questions by the public, the Council, or others.
6. Staff Presentation. This includes presentation of the staff report into the official record.
7. Objections from Applicant. Confirm whether there are objections from the applicant regarding the staff report or development order.
8. Questions directed to Staff. The staff answers any questions by the public, the Council, or others.
9. Public Comments. Members of the public should be allowed to make comments regarding the application.
10. Applicant rebuttal/final comments
11. Staff rebuttal/final comments
12. Call for final questions.
13. Close public portion of the hearing.
14. Motion & Deliberation. Council makes a motion, and debates and deliberates regarding the application and development order.
15. Vote.
16. Close the quasi-judicial proceeding.

Mr. Teague,

The City of Gautier, Mayor and City Council has approved and scheduled a public hearing for Tuesday, March 4, 2014, at 6:30 PM. The location for the hearing is the Gautier City Hall, 3330 Highway 90 Gautier, Mississippi 39553. The purpose of this public hearing is to determine whether or not the property referenced above is in such a state of uncleanness as to be a menace to the public health, safety, and welfare of the community per Mississippi Code Annotated 1972 § Title 21, Chapter 19, Section 11.

If at the scheduled hearing, the governing authority decides the property or parcel of land is in a condition determined to be a menace to the public health, safety, and welfare of the community, the city shall proceed to clean the land by the use of municipal workers or by contract. The scope of the work to be performed may include cutting grass/weeds, removing rubbish, draining cesspools/standing water from the property, removing dilapidated fences/building, removing personal property and other debris from the property.

Additionally, the municipality may reenter the property or parcel of land for a period of one year after the hearing without any further hearings. A notice will be posted on the property or parcel of land and at city hall or another place in the municipality where such notices are generally posted at least seven days before the property or parcel of land is reentered for cleaning.

If you have any questions you can contact the City of Gautier, Code Enforcement Office, Monday – Thursday, 8:00 AM - 5:00 PM at (228) 497-1878 ext 318 or cell number (228) 219-7035.

PUBLIC NOTICE

Public Notice is hereby given by the Mayor and Members of the Gautier City Council that a public hearing will be held at 6:30 PM on March 4, 2014, in the Council Chambers of the Gautier Municipal Building, 3330 Highway 90, Gautier, Mississippi, for the purpose of receiving testimony as to why substandard building conditions should not be abated at the following described location:

That certain property listed on the Jackson County land rolls as belonging to Harrield A. & Teresa Ann Teague, being generally described as 5401 Carter Road, Gautier, MS, and more specifically described as PIDN #85298072.000, Lots 55 & 56, Fountainebleau Acres, AS RECORDED IN DEED BOOK 1218, PAGE 631, RECORD OF OFFICIAL PLATS ON FILE IN THE OFFICE OF THE CHANCERY CLERK OF JACKSON COUNTY, MISSISSIPPI.

Persons having an interest in said properties are hereby notified that in accordance with 21-19-11 of the Codes of Mississippi of 1972, as amended, the City may upon a finding of the existence of substandard and unsafe conditions, abate such conditions by demolition, the costs of which may be charged as a lien against such properties to be collected upon sale of the property or through civil proceedings.

Mr. Teague,

This letter is to inform you the City of Gautier; Planning and Economic Development Department will recommend to the governing authority the property at 5401 Carter Road Ocean Springs, Mississippi is a menace to the public health, safety, and welfare of the community. Code Enforcement will request the mayor and city council review the history of the code violations on this property during a scheduled February 2014, council meeting. If the mayor and council determine the property meets the criteria for abatement they will set a public hearing for a scheduled March 2014 council meeting. The purpose of the hearing is to listen to testimony and determine if the property meets the requirements outlined in Mississippi Code Annotated 1972 § Title 21, Chapter 19, Section 11 to begin the necessary clean-up of this property.

Code enforcement is requesting the property be in compliance by February 3, 2014. If you have any questions you can contact the City of Gautier, Code Enforcement Office, Monday – Thursday, 8:00 AM - 5:00 PM at (228) 497-1878 or cell number (228) 219-7035.

March 20, 2013

Harrield A. Teague
C/O 6436 Highway 57
Ocean Springs, Mississippi 39553

Reference: 5401 Carter Road Gautier, Mississippi 39553

Mr. Teague,

The City of Gautier, Code Enforcement Officer reviewed the property on March 18, 2013, to make certain the couple had relocated from the uninhabitable living condition and all the dogs and cats removed from the property. Code Enforcement confirmed both the individuals and animals were no longer at the property and the City of Gautier deeply appreciates your initial correction of these code violations. Remaining on the property is a large pile of household trash, vacant dilapidated manufactured homes, structures, vehicle, boats, debris scattered everywhere, etc. The City of Gautier, Unified Development Ordinance, Article XVI, Section 16.7, Care of Property and Premises States:

The general site and/or premises shall be maintained in general with particular references to insuring that the appearance will be and remain compatible and harmonious with properties in the general area and will not be so at variance with other properties in the general area as to cause a substantial depreciation of such property values.

The property is clearly in violation of numerous codes of the City Ordinance and State Laws and must come into compliance with all ordinances/laws by the removal of all dilapidated manufactured homes, structures, non-operational vehicles, boats, and trash/debris removed from the property by June 3, 2013.

Code Enforcement will immediately begin monitoring the property for compliance of all violations stated above. Upon your request, copies of any of the ordinance/laws will be provided to you or may be obtained on the city/state website. You may contact the City of Gautier, Code Enforcement Office, Monday – Thursday, 8:00 AM - 5:00 PM at (228) 497-1878. Code Enforcement will be happy to assist you with any questions that you may have.

Sincerely,

Joseph Belles
Code Enforcement Officer

Reference: 5401 Carter Road Gautier, Mississippi 39553

Mr. Teague,

On February 26, 2013, you allowed the City of Gautier's Building Administrator and Code Enforcement Officer to review the above referenced property. The observations of both city employees were; an individual or couple residing in an old bus without any electricity or approved water source and no observed bathrooms facilities. There were at least nine dogs observed all chained or within fenced enclosures. Inside the bus were at least twenty cats that entered and left the bus by open windows. None of the animals had any tags and there was no documentation of required vaccinations. The odor from either animal or human feces was unbearable. Additionally, the property is scattered with trash, debris, vacant dilapidated manufactured homes, structures, and boats. The property is clearly in violation of numerous codes of the City's Ordinance.

As identified in code enforcements previous letter you cannot continue to allow these individuals to remain on your property without a habitable structure and the required utilities required by City Ordinance and the International Building Code Standards. The individuals must vacate the property immediately but not later than March 15, 2013. You need to inform code enforcement or the City's animal control officer what the couple intend to do with the animals so the city may proceed to take control of the animals if the owners do not take them. In addition, the property must come into compliance with all ordinances and all dilapidated manufactured homes, structures, non-operational boats, and trash/debris removed from the property by June 3, 2013.

Code Enforcement will immediately begin monitoring the property for compliance of all violations stated above. Upon your request, copies of any of the above ordinances will be provided to you or may be obtained on the city website. You may contact the City of Gautier, Code Enforcement Office, Monday – Thursday, 8:00 AM - 5:00 PM at (228) 497-1878. Code Enforcement will be happy to assist you with any questions that you may have.

Ocean Springs, Mississippi 39553

Reference: 5401 Carter Road Gautier, Mississippi 39553

Mr. Teague,

On February 13, 2013, both the City of Gautier's Building Administrator and Code Enforcement Officer discussed the above referenced property. You informed both city employees you were aware of the two individuals residing on your property and stated, "They have been there for several years living in a Chevrolet Bus." There is no habitable structure on the property and there is no utility services connected (electrical power or water). You cannot continue to allow these individuals to remain on your property without a habitable structure and the required utilities as required by City Ordinance and the International Building Code Standards. In addition, there are complaints concerning numerous animals (dogs and cats) on the property that may or may not have adequate food, water and shelter as required by city ordinance.

Code Enforcement fully understands your desire to provide a place for these otherwise homeless individuals but City of Gautier cannot allow or overlook the violations of the City Ordinance. Code Enforcement is prepared and ready to discuss our observations to maintain an amicable appearance with other property owners in this area and compliance with the City's Ordinance.

Code Enforcement is requesting you permit an inspection of your property at a reasonable time within the next seventy-two hours to inspect the property and the living conditions for both the people and the animals on your property. You may contact the City of Gautier, Code Enforcement Office, Monday – Thursday, 8:00 AM - 5:00 PM at (228) 497-1878. Code Enforcement will be happy to assist you with any questions that you may have.

Sincerely,

Joseph Belles
Code Enforcement Officer

There came for consideration of the Mayor and Members of the Council of the City of Gautier, Mississippi, the following:

ORDER NUMBER 055-2014

IT IS HEREBY ORDERED by the Mayor and Members of the Council of the City of Gautier, Mississippi, that the Budget Modification #14 for the Hurricane Katrina Community Revitalization Streetscape Project to extend the current project ending date from March 31, 2014 to June 30, 2014 to allow time for completion of the installation of the digital sign, purchase of benches, trash receptacles and final project monitoring is hereby approved.

IT IS FURTHER ORDERED that approval of Budget Modification #14 is contingent upon Mississippi Development Authority approval.

IT IS FURTHER ORDERED that the City Manager or City Clerk is authorized to execute any and all documents necessary.

Motion was made by **Councilman Anderson**, seconded by **Councilwoman Martin** and the following vote was recorded:

AYES: Gordon Gollott
 Mary Martin
 Johnny Jones
 Hurley Ray Guillotte
 Casey Vaughan
 Rusty Anderson
 Adam Colledge

NAYS: None

MAYOR

ATTEST:

CITY CLERK

Passed and Adopted by Mayor and Members of the Council of the City of Gautier, Mississippi, at the meeting of March 4, 2014.

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha Abell, City Manager
From: Patty Huffman, Grants and Projects Manager
Through: Chandra Nicholson, Economic Development & Planning Director
Date: February 25, 2014
Subject: Streetscape Project #R-109-192-01- KCR Modification #14
(Ending Date Change)

REQUEST:

Budget Modification #14 for the above referenced Hurricane Katrina Community Revitalization Streetscape Project is presented for City Council approval. The purpose of this modification is to extend the current project ending date from March 31, 2014 to June 30, 2014 to allow time for completion of the installation of the digital sign, purchase of benches and trash receptacles, final project monitoring, and Mississippi Development Authority (MDA) review and approval of project close-out documents.

DISCUSSION:

As the streetscape project neared completion, it was determined that approximately \$9,000 remained in the budget that could be expended on the project if purchases were made and invoiced before closeout. The Economic Development Director therefore recommends the purchase of additional benches and trash receptacles to be permanently installed along the streetscape route. Once approved by City Council, the City Manager's signature is needed on three (3) originals. This ending date change is subject to MDA approval.

RECOMMENDATION:

The Economic Development and Planning Department recommends that City Council authorize the ending date change for the Streetscape Project as outlined above in order to complete the digital sign installation, finalize purchasing of benches and trash receptacles, finalize MDA monitoring, and submit the close-out package.

City Council may:

- 1) Approve the ending date change for the Streetscape Project to June 30, 2014;
- 2) Approve the ending date change for the Streetscape Project to a different date; or
- 3) Disapprove any change to the current ending date of March 31, 2014.

MAYOR

ATTEST:

CITY CLERK

Passed and Adopted by Mayor and Members of the Council of the City of Gautier, Mississippi, at the meeting of March 4, 2014.

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha Abell, City Manager
From: Jason Pugh, Human Resources Director
Date: 02/26/14
Subject: Approval of the City Planner job description and consequent redaction of the Planning Technician and replacing with the City Planner on the Schedule of Authorized Positions.

REQUEST:

The Human Resources Department requests that the Gautier City Council approve the new City Planner job description and subsequent Schedule of Authorized Positions by eliminating the current Planning Technician position and replacing it with a City Planner position.

DISCUSSION:

The Planning Technician position is currently vacant. A City Planner position is desired to facilitate the growing needs of the City of Gautier and will oversee all aspects of the city's planning division and will assist with future economic development and growth in the city. This will be a mid-level management position commensurate with the Building and Zoning Administrator, Grants and Projects Manager, and Cultural Services Manager. This position will report directly to the Economic Development Director.

There are no other changes to this Schedule of Authorized Positions.

FINANCIAL IMPACT:

The salary for the new City Planner position will be commensurate with the Planning Technician position that was recently vacated so there will be no financial impact with this change.

RECOMMENDATION:

Mississippi Code Annotated 21-9-45 establishes that the City Council may authorize positions upon recommendation of the City Manager. The City Manager recommends approval of the attached Schedule of Authorized Positions and new job description.

City Council may:

- 1) authorize the proposed Schedule of Authorized Positions and job description as presented;
- 2) authorize the proposed Schedule of Authorized Positions and job description with changes;
- 3) disapprove the Schedule of Authorized Positions and job description as presented.

ATTACHMENT(S):

Revised Schedule of Authorized Positions
Revised Organizational Chart
Job Description/City Planner

CITY PLANNER

Department:	Economic Development/Planning	Pay Grade:	13 (Schedule 2080)
Reports To:	Director	Exempt (Y/N):	Y
Competitive (Y/N):	N		

SUMMARY:

The position of City Planner operates under the general supervision of the Director of Economic Development/Planning. The position requires a professional with well-developed skills in development services, planning, zoning, researching, completing reports, making presentations, an understanding of economic development and a commitment to best practices and problem-solving in a team-oriented environment.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

(Any one position of this class may not include all duties listed, nor do listed examples include all duties which may be found in positions of this class.)

The position of City Planner will include, but is not limited to, the following duties:

- Maintains a thorough knowledge of the zoning, subdivision, and other development codes of the City of Gautier and State of Mississippi and the City's Strategic Plan and Comprehensive Plan.
- Provides technical information on land use applications, ordinances, codes, plans and related planning programs, services or regulations to property owners and the development community.
- Assists with site plan reviews and field inspections on all projects assuring for compliance with zoning ordinances.
- Addresses conflicts, researches alternatives and recommends solutions in a collaborative and problem solving approach.
- Processes zoning, subdivision and land use applications, prepares staff reports and makes presentations to boards, commissions, civic groups, general public and functions as part of the Plan Review Team.
- Interacts with the public in a professional and engaging manner.
- Functions as the staff secretary to the Planning Commission, Technical Review Committee, and the Historic Preservation Commission, reviewing all application material, preparing legal notices and agenda packet material, making presentations, and providing Boards with procedural guidance.
- Conducts technical research studies, prepares statistical reports and recommendations for drafting or revising zoning ordinances, local legislation and plans, projecting trends, monitoring social-economic data, etc. Assists in the economic development issues of the city.
- Enforces local ordinances and interprets city codes and master plans.
- Manages walk-ins and phone calls, answering questions and providing clarification to local citizens inquiring about local planning and zoning regulations and ordinances utilizing best practices.
- Assists with updating and implementing the Comprehensive Plan, Unified Development Ordinance, and other neighborhood plans in conjunction with other City staff and consultants.
- Serves on committees as needed.
- Attends meetings as the City's representative, provides information and gathers insights regarding special or prospective projects.
- Coordinates neighborhood meetings to assist groups with developing achievable goals and objectives. Assists with identifying community-level grants and sources for partnerships.
- Performs effectively as a member of a team in carrying out the City of Gautier's stated vision, Strategic Plan, mission and values assuring for professionalism.
- Focuses on quality customer service with a "one-stop shop" approach and promotes a development review process in a manner that maximizes collaboration and efficiency.
- Maintains awareness and works toward a spirit of cooperation and communication with co-workers and all departments within the City of Gautier assuring for professionalism and courtesy.
- Attendance is an essential function of this position.

CITY PLANNER

- Performs any other duties as assigned by the Department Director.

REQUIRED KNOWLEDGE, ABILITIES AND SKILLS:

(Must possess required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.)

- Thorough knowledge of land use, zoning laws and comprehensive plans, including their information, adoption and enforcement.
- Oral and written communication and interpersonal skills to explain rules and procedures clearly to the public.
- Problem-solving skills to gather relevant information to solve vaguely defined practical problems.
- Knowledge of effective writing techniques.
- Strong interpersonal skills are essential to maintain effective working relationships with others.
- Work requires significant independent judgment and initiative in complex issues that must meet professional standards as well as state and local regulations.
- Work requires thorough knowledge of local, state, and federal laws, regulations, zoning, land use, and other ordinances and codes, of the principles and practices of land use planning.
- Work requires thorough knowledge of governmental laws, programs, and services pertinent to the development and planning processes.
- Ability to establish and maintain effective working relationships with community groups, federal, state, regional, and City officials, and the general public is necessary.
- Ability to prepare comprehensive reports and studies and to express ideas effectively in oral and written forms and make effective public presentations is essential.
- Extensive knowledge of planning programs and processes and economic development.
- Review plans and apply provisions of the ordinances and codes to determine compliance with such regulations.
- Knowledge of computer hardware and software programs, which may include Microsoft Office, Internet applications, and GIS.
- Ability to concentrate, perform accurately and work under stress of deadlines.
- Ability to react to change productively and handle other tasks as assigned.

SUPERVISORY RESPONSIBILITIES: This position has no supervisory responsibilities.

WORK ENVIRONMENT: The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The noise level in the work environment is usually moderate. Some jobs may require an employee to be exposed to outside weather conditions, wet and/or humid conditions. Average exposure to heights, work safety hazards, chemicals and fumes and accessibility of all work sites required for this position.

MENTAL AND PHYSICAL DEMANDS: The mental and physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly required to use hands and fingers to hold or feel, reach with hands and arms, walk, talk and hear. The employee is occasionally required to stand, sit, climb, balance, stoop, and crouch. Specific vision abilities include close, distance, color, and peripheral vision, and depth perception. The employee regularly lifts and/or moves up to 25 pounds and occasionally lifts and/or moves up to 45 pounds. He/she is required to have above average memory, complexity of decision-making, timed pressure of decision-making, analytical thinking, conceptual thinking and have the ability to be flexible, innovative and collaborative.

CITY PLANNER

MINIMUM REQUIRED EDUCATION AND EXPERIENCE:

Graduation from an accredited college or university with a Bachelor's degree in Urban and Regional Planning or a closely related field with a minimum of two (2) years' experience in planning, zoning administration or community development. An American Institute of Certified Planners (AICP) certification is preferred but not required.

REQUIRED LICENSES AND CERTIFICATES:

- Must maintain a valid Mississippi driver's license.
- Possession of or ability to obtain AICP certification.

CIVIL SERVICE MINIMUM QUALIFICATIONS (Rule 4, Section 4.2)

For minimum qualifications established by the Mississippi Code, see Section 21-31-15.

MAYOR

ATTEST:

CITY CLERK

Passed and Adopted by Mayor and Members of the Council of the City of Gautier, Mississippi, at the meeting of March 4, 2014.

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha Abell, City Manager
From: Jason Pugh, Human Resources Director
Date: 02/26/14
Subject: Change to FLSA Status of the Purchasing Agent

REQUEST:

The Human Resources Department requests that the Gautier City Council approve changing the FLSA status of the Purchasing Agent from non-exempt (hourly) to exempt (salary).

DISCUSSION:

The Purchasing Agent position meets all applicable salary and duties test to qualify for exempt status under the Fair Labor Standards Act. The change is needed to facilitate the duties of the Purchasing Agent position such as attendance at council meetings, purchasing during local and state emergencies, after hours emergency purchasing, etc. The City Attorney has reviewed the job description and duties of the Purchasing Agent and approves of the change in status.

Upon approval, this change will go into effect with the pay period beginning March 8, 2014. There is no financial impact with this change.

FINANCIAL IMPACT:

None

RECOMMENDATION:

Staff recommends approval of this change.

City Council may:

- 1) authorize the proposed status change as presented;
- 2) authorize the proposed status change with additional changes;
- 3) disapprove the proposed status change as presented.

Job Description/Purchasing Agent

PURCHASING AGENT

Department: City Clerk Department
Reports To: City Clerk
Competitive (Y/N): N

Pay Grade: 10 (Schedule 2080)
Exempt (Y/N): ~~N~~ Y

SUMMARY:

Coordinates activities involved with procurement of goods and services such as raw materials, equipment, tools, parts, supplies, and advertising, for organization by performing the following duties.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

(Any one position of this class may not include all duties listed, nor do listed examples include all duties which may be found in positions of this class.)

- Responsible for processing all requests for purchases for all departments within the City, with the primary objective being to obtain the best quality products for the City at the best price.
- Develops purchasing policies and formulates and maintains associated procedures.
- Procures materials, supplies, capital equipment and contract services according to established practices of cost containment and quality.
- Confers with division and department heads to determine purchasing needs and draft specifications.
- Makes purchases directly on items obtained through letter bids.
- Approves purchase contracts up to determined limit pursuant to MS Code § 31-7-13.
- Analyses bids for goods and services and make recommendations.
- Researches for methods to improve procurement activities to ensure the City obtain the best possible prices on purchases.
- Makes recommendations on selection of suppliers based on interviews with sales vendors, consideration of delivery dates and prices, visits to vendor suppliers and ability to resolve problems of shortage and improper orders.
- Maintains records of purchases and contracts in order to optimize opportunities for improved sources, distribution of business, prices and terms relative to changing economic conditions.
- Coordinates post award documentation and activities.
- Maintains files of current catalogs and specifications.
- Establishes procedures and supervises the annual physical inventory.
- Assists other members in the department with complex personnel matters.
- Prepares technical and administrative reports.
- Acts as liaison with Federal, State, local and other agencies.
- Perform any related work as required and any other duties assigned by the City Clerk.

REQUIRED KNOWLEDGE, ABILITIES AND SKILLS:

- Working knowledge of modern governmental purchasing theory, principles, and practices; considerable knowledge of internal control procedures and management information systems; working knowledge of office automation and computerized financial and purchasing applications; some knowledge of public finance and fiscal planning.
- Knowledge of city rules and regulations, policies and procedures.
- Knowledge of the various grades and qualities of equipment and supplies being purchased, the source of supply and current price trends.
- Knowledge of accounting practices and procedure, especially as they relate to government purchasing.
- Ability to prepare clear and concise report.
- Ability to speak and write effectively.

PURCHASING AGENT

- Ability to exercise good judgment and make decisions.
- Ability to establish and maintain effective working relationships with employees, city officials; and ability to communicate effectively, orally and in writing.
- Must maintain a valid Mississippi vehicle operator's license.

SUPERVISORY RESPONSIBILITIES:

This job has no supervisory responsibilities.

WORK ENVIRONMENT: The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The noise level in the work environment is usually moderate. Some jobs may require an employee to be exposed to outside weather conditions, wet and/or humid conditions, and risk of electrical shock.

PHYSICAL DEMANDS: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is frequently required to sit and talk or hear. The employee is occasionally required to walk; use hands to finger, handle, or feel objects, tools, or controls; and reach with hands and arms. The employee must occasionally lift and/or move up to 25 pounds. Specific vision abilities required by this job include close vision and the ability to adjust focus.

MINIMUM REQUIRED EDUCATION AND EXPERIENCE:

An Associate's degree (A.A.) from a two-year college with a minimum of three (3) years of related work experience in modern governmental purchasing principles, methods and procedures; or High School diploma or (GED) equivalent with a minimum of six (6) years' experience in modern governmental purchasing principles, methods and procedures. Must be proficient in Microsoft Office Suite and AS400.

CIVIL SERVICE MINIMUM QUALIFICATIONS: (RULE 4, SECTION 4.2)

For minimum qualifications established by the Mississippi Code, see Section 21-31-15.

**Re: Ocean Beach Estates and Shell Landing
Wastewater Collection Systems CIAP # MS.30.713
(Old Shell Landing Sewer Improvements)
Application for Payment No. 5 (Final) & Summary Change Order**

Dear Ms Abell:

Enclosed you will find Final Pay Request No. 5 and the Summary Change Order for the above referenced project. The work has been performed and is acceptable. This is the final pay request for this project, and the change order is a summary one modifying the contract to agree with the final pay request. This is done to finalize the unit price contract so it is in agreement with quantities of materials actually used and paid for. We recommend to the City of Gautier, MS; that Hudson Contracting, Inc. be paid the requested amount of \$42,466.03. "As built" drawings have been sent to Chad Jordan, Public Works Director.

We have enjoyed working with the City on this project. Please let us know if we can be of further assistance on this project or any other future projects.

Respectfully submitted,

SEYMOUR ENGINEERING

* NOTE: An on-site observation of the work has been performed, and to the best of my knowledge and information, the work approved for payment has been performed in general compliance with the plans and specifications.

CHANGE ORDER

PROJECT: Ocean Beach Estates and Old Shell Landing Waste Water Collection Systems - Old Shell Landing Sewer Improvements

DATE: February 12, 2014

To Contractor: Hudson Contracting ., Inc.

CIAP PROJECT NO: MS.30.713

CONTRACT DATE: August 5, 2013

CONTRACT FOR: _____

The Contract is changed as follows:

This is a summary change order adjusting the unit price contract to match the quantities and dollar values actually used in the project. See attached detail sheet.

TOTAL THIS CHANGE ORDER

Not valid until signed by the Owner, Engineer and Contractor.

The original Contract Sum	\$ 439,882.50
Net change by previously authorized Change Orders	\$ (18,610.00)
The Contract Sum prior to this Change Order was	\$ 421,272.50
The Contract Sum will be decreased by the amount of	\$ (13,061.15)
The new Contract Sum including this Change Order will be	\$ 408,211.35
The Contract Time will be extended by <u>0</u> days changing the contract completion days from 150 to <u>150</u> calendar days.

**CITY OF GAUTIER
MEMORANDUM**

To: Samantha Abell, City Manager
From: Patty Huffman, Grants and Projects Manager
Through: Chandra Nicholson, Director of Economic Development and Planning
Date: February 26, 2014
Subject: Memorandum of Agreement with the MS Department of Archives and History for the Community Heritage Preservation Grant for the former Gautier Colored School Project (CHPG#2013-018)

REQUEST:

The Economic Development and Planning Department requests City Council authorization to enter into a Memorandum of Agreement with the Mississippi Department of Archives and History (MDAH) for a Community Heritage Preservation Grant for the *Mississippi Landmark*, the (former) Gautier Colored School also known as the West Pascagoula Colored School. Approval to apply for grant funding was authorized by City Council in September 2013.

BACKGROUND:

The Mississippi Legislature has approved the ninth round of funding for the Community Heritage Preservation Grant Program. This program authorizes the Mississippi Department of Archives and History to make grants available for the preservation, restoration, development and interpretation of historic courthouses and school buildings. To be eligible, a building must be designated a *Mississippi Landmark* under the Antiquities Law of Mississippi prior to application. This structure was originally built in 1921 by patrons of the school as a one-room schoolhouse for Gautier's African-American children and was used as a school until 1946. Later, the building was used as a community center and voting place. The building was designated as a *Mississippi Landmark* by MDAH on October 19, 2012.

DISCUSSION:

The Gautier Historic Preservation Commission has identified the Gautier Colored School as an important historic site for rehabilitation and preservation. It was listed as one of the Ten Most Endangered Historic Places in Mississippi for 2013. MDAH has awarded the City \$80,000 for the first phase of the project which will focus on stabilizing the building. All grant applicants must provide evidence of cash matching funds (private, local or federal) in an amount not less than 20% of the total project (or \$20,000). Grant awards will be paid to grantees on a reimbursable basis after the successful completion of the project or at the successful completion of pre-established phases of the project. All projects must be completed by December 1, 2016.

RECOMMENDATION:

The Economic Development and Planning Department recommends that City Council authorize entering into a Memorandum of Agreement with MDAH for Community Heritage Preservation funding as outlined above. City Council may:

1. authorize entering into a Memorandum of Agreement with MDAH for the Gautier Colored School Rehabilitation Project as outlined above; or
2. disapprove entering into a Memorandum of Agreement with MDAH for the Gautier Colored School Rehabilitation Project.

MS Community Heritage Preservation Grant- Memorandum of Agreement (CHPG#2013-018)

Mississippi Community Heritage Preservation Grant Program – Round 9

Senate Bill 2913, *Laws of Mississippi 2013*

Grantee Name: City of Gautier

Project Number: CHPG#2013-018

Project Name: Gautier Colored School Rehabilitation

MEMORANDUM OF AGREEMENT

THIS AGREEMENT is made this the _____ day of _____, 2014, by the City of Gautier, hereinafter called the Grantee, and the State of Mississippi, acting through the Department of Archives and History, hereinafter referred to as MDAH.

This agreement relates to the Gautier Colored School Rehabilitation with the assistance of an \$80,000 grant from the Mississippi Community Heritage Preservation Grant Program established under Senate Bill 2913, *Laws of Mississippi 2013*, and administered through MDAH.

In consideration of the aforementioned grant, the Grantee hereby agrees to the following:

1. AWARD AMOUNT

The award amount for this project shall not exceed \$80,000.

2. SCOPE OF WORK

The scope involves the Gautier Colored School Rehabilitation project, which includes, but is not limited to: stabilizing the building.

3. PROJECT PERIOD

The project period began December 6, 2013, and all work shall be **completed prior to December 1, 2016.** Extensions will not be given to late or incomplete projects.

4. MATCHING FUNDS

The Grantee agrees to provide at least \$20,000 in cash matching funds.

5. CONTRACTS

Paid work conducted in relation to this project shall require a contract between the Grantee and the contracting firm or individual. **Such contracts shall be submitted to MDAH for approval prior to execution.** In executing contracts, the Grantee shall comply with state law pertaining to bidding and purchasing procedures. The pertinent information can be downloaded at <http://www.dfa.state.ms.us/Purchasing/PurchasingGuidelinesQuickReference.pdf> or a copy may be requested from MDAH.

Contracts shall include all elements providing for a sound and complete procurement document. In addition, the Grantee shall insure that all contracts awarded shall contain suitable provisions for termination by the Grantee, including the manner by which termination will be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

The Grantee shall retain the possibility of reprinting any publication produced in conjunction with this grant program by including in all contracts a requirement that the contractor waive any claim to a copyright. This waiver includes all work products regardless of physical format – including but not limited to photographs, software, source code, research notes and compilations, draft and finished written works, published materials, and drawings – produced by the individual or company within the scope of their contract with the Grantee.

The plans and specifications for this grant project shall be approved by the Permit Committee of the Board of Trustees of MDAH prior to Grantees advertising for bids for the work.

6. GRANT PAYMENTS

The Grantee must be prepared to cover all project costs prior to receiving reimbursement. Payments will be made to the Grantee on a reimbursable basis upon the successful completion of the project, or at the successful completion of pre-established phases of the project. If the Grantee plans to submit reimbursement requests before the project is completed, approval must be secured from MDAH before work begins. Grant payments made prior to the completion of the project shall not exceed 80% of the expenses incurred.

Requests for grant payment shall be submitted to MDAH on forms provided by MDAH and must be accompanied by copies of invoices that document the project costs that have been incurred. Requests for grant payments, as well as the accompanying invoices and supporting documentation (i.e. cancelled checks, certificate for payments, etc.) shall be reviewed and forwarded by MDAH to the Department of Finance and Administration for the issuance of a state warrant to cover the grant payment. The warrant will be mailed to the Grantee by MDAH.

7. ALLOWABLE COSTS

Allowable costs are those costs documented to the satisfaction of MDAH that conform to the approved project budget and that:

- a. meet requirements for the program;
- b. are necessary and reasonable to the completion of project work;
- c. have been incurred for the project work during the period of the grant.

8. PERSONNEL SELECTION

Project personnel shall have qualifications appropriate to major work elements of the project. Consultants, pre-planners, architects, engineers, exhibit contracting firms, historic preservation specialists, or other professionals employed by the Grantee to work on this project must be approved by MDAH. Project personnel shall be expected to work closely with the Grantee and MDAH in developing plans and specifications for the project.

9. PROFESSIONAL SUPERVISION

The staff of MDAH will maintain contact with the project director and project personnel as needed and will provide technical assistance as required for the successful completion of project work.

10. PHOTOGRAPHIC DOCUMENTATION

The Grantee shall take color digital images sufficient to document the pre-construction condition of the project and submit to MDAH copies of the images on CD-ROM for permanent preservation. Photographic guidelines will be provided by MDAH.

11. REPORTS

Progress reports are to be submitted to MDAH quarterly, according to the following schedule:

- | | |
|---|---|
| • Progress Report due July 11, 2014 | for the period December 2, 2011 to June 30, 2014 |
| • Progress Report due October 10, 2014 | for the period July 1, 2014 to September 30, 2014 |
| • Progress Report due January 9, 2015 | for the period October 1, 2014 to December 31, 2014 |
| • Progress Report due April 10, 2015 | for the period January 1, 2015 to March 31, 2015 |
| • Progress Report due July 10, 2015 | for the period April 1, 2015 to June 30, 2015 |
| • Progress Report due October 9, 2015 | for the period July 1, 2015 to September 30, 2015 |
| • Progress Report due January 8, 2016 | for the period October 1, 2015 to December 31, 2015 |
| • Progress Report due April 8, 2016 | for the period January 1, 2016 to March 31, 2016 |
| • Progress Report due July 8, 2016 | for the period April 1, 2016 to June 30, 2016 |
| • Progress Report due October 14, 2016 | for the period July 1, 2016 to September 30, 2016 |
| • Completion Report due December 1, 2016 or 60 days after completion | whichever comes first. |

The Grantee shall contact MDAH immediately if any situation should arise that will affect the timely or successful completion of this project and/or the submission of the required reports.

12. BENCHMARKS

The Grantee shall follow benchmarks set by MDAH in the Procedures Manual. The benchmarks are pre-established dates of goals to be accomplished by the Grantee in order to keep the project on schedule, and not risk in having the grant canceled prematurely. If the Grantee suspects that a benchmark will not be met, then it is the Grantee's responsibility to contact MDAH so that the problem can be assessed to see if the project will be able to finish on time. If it is determined that a project will not finish on or before the deadline, then MDAH may choose to cancel the project.

13. ACKNOWLEDGEMENT OF STATE ASSISTANCE

State grant assistance shall be acknowledged by an on-site project sign and in any public announcements, news releases, articles, publications, audio-visual materials, and pertinent presentations that the Grantee produces or initiates. The acknowledgement shall state that the project has been funded with the assistance of a grant from the State of Mississippi, through the Mississippi Department of Archives and History under provisions of the Mississippi Community Heritage Preservation Grant Program, Senate Bill 2913, *Laws of Mississippi 2013*. **A photograph of the installed sign shall be provided to MDAH.**

14. GENERAL PROVISIONS

The property receiving grant assistance must be designated a *Mississippi Landmark* under provisions of the State Antiquities Law (Section 39-7-1, et seq. of the *Code of Mississippi 1972 Annotated*, as amended). The plans and specifications for any work on this project shall be developed in accordance with the Secretary of the Interior's *Standards for Rehabilitating Historic Buildings*. **The approved work may not be altered without prior approval from MDAH.**

The Grantee agrees that MDAH, its agents and designees, shall have the right to inspect the property at all reasonable times in order to ascertain whether or not the conditions of this agreement are being observed.

The State of Mississippi shall not disburse funds for any project or activity related to this project unless: 1) planned work has been accomplished within the scope of the grant or contractual agreement summarized above, and 2) work was done in accordance with the terms and conditions of the applicable Senate Bill 2913 Community Heritage Preservation Grant. In circumstances where funds are disbursed for ineligible activities, the State of Mississippi shall take steps to recover these funds.

15. RECORD ACCESS AND RETENTION

Maintenance of Records: The Grantee shall establish and maintain financial records, supporting documentation, and any other such records that may be necessary to reflect the performance of obligations under this agreement.

Fiscal Requirements and Audit: The Grantee shall establish such fiscal control and accounting procedures, including internal control procedures, as may be necessary to assure the proper disbursement of and accounting for funds paid under this agreement. The Grantee shall keep, maintain, and present to MDAH, as required, necessary and proper invoices, vouchers, receipts, quotes, bids, etc. to support expenditures of funds. The Grantee's records shall be sufficient to allow MDAH to audit and monitor the Grantee's operations.

Record Retention/Access to Records: Representatives of MDAH or any State agency authorized to audit MDAH shall have the right of access to any books, documents, papers or other records of the Grantee that pertain to the performance of the obligations under this agreement in order to audit or examine said records. These records shall be retained for at least seven (7) years from the date of the completion of the terms of this agreement.

If the Grantee is audited in accordance with generally accepted auditing standards, the Grantee shall only be required to maintain said records for three (3) years after the completion and release of the audit.

However, if any litigation or other legal proceeding, by or on behalf of the State or any other party has begun and is not complete at the end of the aforementioned retention period, or if audit findings, exceptions, litigation, or other legal proceedings have not been resolved at the end of the aforementioned retention period, all records shall be retained until such time as such proceedings are resolved.

16. PRESERVATION AND MAINTENANCE COVENANT

The Grantee agrees to submit to MDAH a notarized covenant agreeing to continued preservation and maintenance of the building for a period of twenty-five (25) years from the grant award date. If the building is abandoned or not maintained or kept in good repair prior to the expiration of the twenty-five (25) year period, MDAH may take steps to recover the grant award in part or in full. The Grantee will be responsible for having the covenant recorded in the county land records.

17. PROJECT COMPLETION MATERIALS

The Grantee agrees to submit final completion materials, which include color digital images per MDAH guidelines as well as a summary narrative of the completed project, within thirty days of project completion.

18. TERMINATION OF AGREEMENT

This agreement may be terminated short of conclusion due to one of the following situations:

- a. Termination for Cause – MDAH may terminate the aforementioned grant, in whole or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the terms and conditions of the grant. MDAH will promptly notify the Grantee in writing of the termination and the reasons for the termination, together with the effective date. Payments made to Grantees or recoveries by MDAH under grants terminated for cause will be in accordance with the legal rights and liabilities of the parties.
- b. Termination for Convenience – MDAH or the Grantee may terminate grant projects in whole or in part when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties will agree upon the termination conditions, including the effective date, and in the case of partial terminations, the portion to be terminated.
- c. Termination by Grantee – The Grantee may unilaterally cancel the grant at any time prior to the first payment on the grant, although MDAH must be notified in writing. After initiation, the project may be terminated, modified, or amended by the Grantee only by mutual agreement of the Grantee and MDAH. Requests for termination prior to completion must fully explain the reasons for the action.

THIS AGREEMENT becomes effective upon signature of the parties below.
